Colonel Bragg of Pittsburg Is the Man Who Will Break Strike for the United Railroads.

SAN FRANCISCO, May 6.—It has been reported to the executive committee of the Carmen's Union and exclusively announced to a reporter of THE TRIBUNE that James Farley will not conduct the breaking of the strike but that Colonel W. Bragg, who figured so notoriously in the Pittsburg Interurban railway difficulties, has been summoned to the coast and is said to be now in San Francisco making preparations to take out the cars of the United Railroads. Spies and picket men of the union have discovered that the company has 1500 strike-breakers secreted in the barns who will be called out by Col. Bragg at a moment's notice. President Cornelius said to a TRIBUNE reporter today: "A picket organization has been or-

SITUATION IS SERIOUS

SAN FRANCISCO ILLUSTRATES TODAY PROBABLY THE MOST UNIQUE CONDITION IN ALL THE HISTORY OF STRIKES.

THE ENTIRE STREET CAR SYSTEM IS TIED UP. AS A RESULT THE THEATERS ARE CLOSED, AND BUSINESS IS ALMOST AT A STANDSTILL.

THE TELEPHONE SERVICE OF THE CITY IS PRACTICALLY A NONENTITY, AND SUCH SERVICE AS IS RENDERED, THE PUBLIC IS GIVEN BY CLERKS, AND MAKESHIFT OPERATORS IN THE OFFICES. THE LINEMEN CONNECTED WITH THE TELEPHONE AND TELEGRAPH SYSTEMS OF THE CITY ARE PREPARING FOR A STRIKE, WHICH MEANS THE CRIPPLING OF THE ENTIRE TELEPHONIC CONDITIONS.

THE IRON WORKERS, WHO ARE ON A STRIKE, HAVE PRACTICALLY BROUGHT TO A STANDSTILL THE CONSTRUCTION OF BUILDINGS. IN CONNECTION WITH THIS, THE STONE MASONS, AND SEVERAL OTHER CRAFTS ARE ADDING TO THE BURDEN OF THE CONTRACTORS.

THE ITALIAN BAKERIES ARE CLOSED ON ACCOUNT OF STRIKES, AND THE POSSIBILITY IS THAT WITHIN THE NEXT FORTY-EIGHT HOURS THIS WILL EXTEND TO THE OTHER BAKERIES OF THE CITY. THE COOKS AND WAITERS ARE TAKING ADVANTAGE OF THE PRESENT CONDITIONS TO PROMULGATE A NEW SCALE TO THEIR EMPLOYERS IN DIRECT VARIANCE TO THEIR RECENT AGREEMENTS.

NEARLY ALL OF THE BIG LAUNDRIES OF THE CITY ARE IDLE. ALTOGETHER IT IS THE MOST UNIQUE SITUATION THAT HAS EVER EXISTED IN HISTORY OF INDUSTRIAL WAR.

SAN FRANCISCO, May 6.—Mayor Schmitz today made the following statement:

"I have issued orders to Chief of Police Dinan that peace and order shall be maintained at any cost that interference with the operation of cars when the company attempts to resume running them shall not be tolerated and that persons carrying arms shall be arrested without respect to which side the controversy they represent.

THE POLICE FORCE.

"I will not permit policemen to act as motormen or conductors to ride on the cars as guards. My observation has taught me that the appearance of police on cars at such a time as this tends to excite violence rather than to suppress or prevent it. The police force numbers 700 men of whom only 30 are mounted. Appeals have come to me to enlarge them

WHAT CALHOUN PURPOSES AND HOPES

By a TRIBUNE Special Correspondent.

SAN FRANCISCO, May 6.—Not a street car wheel turned today on the United Railroads, the California or the Geary street lines. The decision of the Street Car Men's Union yesterday morning to go on a strike, and the pledge of President Calhoun made to the Civic Federation yesterday that he would attempt to run no cars today were responsible for this paralysis of one of the most noticeable and noisy features of life in this city.

Despite this fact, business in mercantile, construction and industrial quarters proceeded as usual, save where in a few instances, in industrial sections, workers in metal had abandoned their benches in the hope of securing a work day of few hours and greater remuneration.

PRIVATE VEHICLES IN USE.

For the cars, however, were substituted a multiplicity of private vehicles of all kinds which had been pressed into service for the purpose of making money while the street cars were unable to do the work expected of them. These vehicles were in the main express and delivery wagons into which had been incorporated rough board seats covered with rough sheets of old frayed carpets or matting. There was also a sprinkling of phaetons,

trucks, carryalls drawn by horses and propelled by motors, some of the latter carrying as many as forty people. These vehicles ran in the main to Fillmore street, but not a few had elected

WHAT CALHOUN EXPECTS.

Patrick Calhoun, president of the United Railroads, has announced that he will run street cars in the city of San Francisco tomorrow morning. It is said that he would have made the attempt today but postponed until tomorrow, as a concession to the Civic League, which body hoped to be able to bring about a compromise settlement of the strike.

Mr. Calhoun says he hopes that the city government will give him protection for his men and for the property of the company. If not he expects the state to preserve the peace should violence be resorted to by any persons interested in preventing the operation of the company's street car lines.

If any act is committed that interferes with or is intended to prevent the operation of the mail cars over the street car lines Mr. Calhoun hopes for

federal protection.

These are Mr. Calhoun's avowed plans. In addition it is known that Calhoun has his carbarns provisioned and fortified and that there is a large force of strike-breakers stationed in them and in other parts of the city. It is asserted by the carmen that J. V. Farley, famous strike-breaker, is here, having arrived from Chicago for the purpose of taking command of the strike-breakers and operating the cars in spite of all opposition.

Chief of Police Dinan has issued orders that a reserve of twelve patrolmen be held in each of the police stations ready for emergency calls in connection with the strike. He has also ordered twelve men stationed at the Turk street carbarns to preserve peace during the admission of a force of men who will be employed in operating the cars. It is said that 188 men are already in these barns.

DINAN PROMISES AID.

Chief Dinan says that if events demand it he will strengthen the reserved police forces until the entire police

SHOT A CHINAMAN

Suffering apparently from temporary insanity, George Williams, a painter living at 1563 Brush street, shot a Chinese shortly after noon today while the Mongolian was passing down Brush street. The weapon used

was a single-barreled shotgun. The load of the cartridge entered the small of the back, but, the authorities declare, that the injured man will survive unless blood poisoning sets in. Williams is under arrest.

Horse Kicks Actress Off the Bell Stage

MISS MARIE STRAUB

Miss Marie Straub and Ernest Young, the leading comedians at the Bell theater narrowly escaped with their lives this morning. A horse was rehearsing with the Buffalo Brown company in which the horse was to be the leading feature.

While on the stage he became frightened and kicked the rider, Ernest Young, off and he fell to the floor dislocating his shoulder. Miss Straub was badly bruised.

Young endeavored to get out of the beasts way and ran into the orchestra pit, while the horse ran at a wild rate of speed through the stage entrance and down San Pablo avenue, where he went into the stall of Anderson's Riding academy on Grove street.

FORMER POSTMASTER DIES OF ACUTE ALCOHOLISM

Well-Known Berkleyan Attempts Suicide

BERKELEY, May 6.—O. C. Vincent, former postmaster of Berkeley, aged thirty-eight years, died at the Roosevelt hospital at 11 o'clock this morning from acute alcoholism and a cut on the left leg and wrist made in an attempt to commit suicide. Coroner Tisdale will hold an inquest.

Vincent came to the home of postmaster George Schmidt, corner of Henry and Cedar streets, North Berkeley yesterday afternoon, telling him that he was all in. He was in liquor, nervous and said he had been drinking several days and had not eaten a particle of food.

Mr. Schmidt called in Dr. Rowell, who found Vincent's pulse beating at the rate of 145 a minute. He advised his removal to Roosevelt hospital about 7:45 last night.

LACERATES WRIST. Vincent took a glass that was on the table wrapped it in a towel and broke it. He used the jagged end of the glass to cut the artery in his left wrist. When the attendant returned he found Vincent on the floor and the room bespattered with blood in every direction.

He told his friends that he had nothing to live for as his wife had deserted him to go east, leaving three children locked up in a lunatic

It is rare that one can say anything disparaging to himself and still preserve his spirit of corps. A witty man is no man's fool. There are degrees of folly, to be sure. One of these, in my opinion, is to buy cheap or inferior confectionery when the best is so easily obtainable at such moderate prices. CALHOUN SAYS CONSPIRACY

INSTIGATED BY SPRECKELS AND OTHER RIVALS AND ENEMIES

PRESIDENT CALHOUN OF THE UNITED RAILROADS MADE THIS VERY IMPORTANT AND EXCLUSIVE STATEMENT THIS AFTERNOON TO A TRIBUNE CORRESPONDENT, WHO MADE A SPECIAL TRIP TO HIS HOME IN WEBSTER STREET, SAN FRANCISCO.

HE SAID:

"THERE WILL BE NO CARS RUN BY THE UNITED RAILROADS TODAY.

"WHETHER THERE WILL BE AFTER THEN DEPENDS ENTIRELY UPON THE ASSURANCE OF THE CITY, STATE AND NATIONAL AUTHORITIES THAT THE PROPERTY OF THE RAILROAD AND THE LIFE OF ITS MEN ARE SAFEGUARDED.

HAS THE MEN READY.

"IF WE ARE ASSURED OF THAT PROTECTION, WHICH WE HAVE A RIGHT TO EXPECT, THEN WE WILL MAN AND RUN CARS. I HAVE THE MEN TO DO IT, AND WILL BEND EVERY ENERGY TO ACCOMPLISH THE RESULT.

"THIS FIGHT HAS BEEN PRECIPITATED UPON US, AND TO MEET THE ISSUE THE UNITED RAILROADS WILL BEND ALL THE ENERGIES OF ITS MEN AND EVERY DOLLAR OF ITS CAPITAL THAT IS REQUIRED.

QUESTION OF SUPREME RIGHT.

"WHETHER OR NOT THE PEOPLE OF OAKLAND AND SAN FRANCISCO AND THE BAY SECTION REALIZE IT OR NOT, THE FACT IS PERTINENT THAT THE LABOR QUESTION HAS COME TO A CULMINATING POINT. IT HAS COME TO A QUESTION NOW OF THAT SUPREME RIGHT A PERSON HAS TO OWN AND CONTROL HIS PERSONAL RIGHTS AND PROPERTY. THE TIME HAS COME FOR ALL FINANCIAL AND INDUSTRIAL HEADS TO UNITE AND FIGHT OUT THIS PROPOSITION.

"SO FAR AS THE UNITED RAILROADS AND MYSELF IS CONCERNED IT HAS BEEN A CONSPIRACY WHICH IS PECULIARLY PERTINENT. ALL THESE VARIOUS THINGS HAVE BEEN HEADED UP FOR THIS GRAND EFFORT.

GRAND JURY GETS BUSY.

"VERY SUDDENLY THE GRAND JURY DEVOTES ITSELF TO ALLEGATIONS OF GRAFT AFFECTING MYSELF AND THIS COMPANY. IT IS SUDDENLY SPRUNG ON FRIDAY IN THE HOPES THAT SUCH AN ATTACK WOULD LEND ITS POWER IN MAKING OUR MEN THINK THAT THE COMPANY BEING IN STRAITS THEIR ACTION MIGHT BE MORE EFFECTIVE.

"IN OTHER WORDS, IT IS A REOPENING OF THE CAMPAIGN ONCE ABANDONED BY SPRECKELS AND HIS CROWD TO PROCURE OPPOSITION LINES TO OURS IN SAN FRANCISCO."

THROUGH WITH UNIONS.

"So far as the unions of this city are concerned the United Railroads are entirely through with them. I told them once, and now again, that if they struck it would end all our dealings with them, and that is the final word.

"There is no doubt but that the strike has been conspired. Thirty days ago I was told that it was to come. I made a special trip to Detroit to visit President Mahone of the Carmen's National Union. He was sick and I saw the executive board, and among others there then was President Cornelius of the San Francisco Union.

STRIKE WAS FOMENTED.

I told them that the strike was being unjustly fomented, and that it was all a grand conspiracy. That if they lent themselves to it so far as the San Francisco union's men were concerned I should never again deal with them in any way, shape or form.

"The employees of the United Railroads in San Francisco now on a strike are drunk with madness. They showed this when they declined the very high rate of wages fixed by the Board of Arbitration and the Oakland schedule. They went beyond reason.

TIME TO SETTLE IT.

"We will run our cars the public may depend upon it, and never again will the Carmen's union in San Francisco be recognized as such by us. The danger, however, exists very paramount to all business interests around the bay. The time has come to settle this business."

STUDENTS TO HOLD WEEK'S FESTIVITIES

Judges and Athletes to Be in Greek Costumes at Monday's Games.

BERKELEY, May 6.—Class examinations are in progress this week at the University of California. Next week will be the "big" one of the spring. It is commencement week and there will be festivities of some sort every day and night. Next Sunday the Bacchante sormon will be preached, probably by the Rev. Dr. Robert J. Burdette of Pasadena. Monday afternoon the Greek games will take place. In these even the judges will be dressed in Greek costumes. In the evening the senior ball will be given in the gymnasium. Tuesday the pilgrimage takes place in the morning and in the afternoon fraternal house receptions will be held. In the evening the senior extravaganza will be given in the Greek Theater. Wednesday is commencement day and in the evening the president's reception takes

DARING ESCAPE OF POLITICAL PRISONERS

Thirteen Convicts, Including Several Well-Known Terrorists, Regain Their Freedom.

ST. PETERSBURG, May 6.—A plot which resulted in the liberation of thirteen political prisoners was daringly executed at Alexandrovsk, near Yekaterinoslav, yesterday, during the Easter services at the prison. While high mass was being celebrated in the chapel a band of revolutionists entered the building, killed the chief inspector and exploded two bombs. Under cover of the confusion which followed, thirteen prisoners, including several important terrorists, escaped.

The Easter holidays otherwise passed quietly.

STANFORD MAN

COMING HOME

Has Been Making a Tour of the World

NEW YORK, May 6.—Professor Peter Olsson-Sefer, formerly a professor at Leland Stanford University, and now employed by the Mexican government as a commissioner of tropical

agriculture, arrived here yesterday on the Cunard liner Umbria. He is on his way to San Francisco after a trip around the world, making a study of agriculture in the tropics. He devoted much time to the method of cultivating the rubber plant.

WHAT CALHOUN PROPOSES

(Continued From Page One.)

department is consolidated into two watches that will be on duty twelve hours each. "The police will be ready for any emergency," said Dinan, "and will do our best to preserve the public peace."

That is the assurance Calhoun has from the city's peace officers. From the state he has from Governor Gillette, now in Los Angeles, the following published statement:

GOVERNOR GILLETTE READY.

"The adjutant general knows what to do and will do just the right thing. I hope there will be no serious trouble, but if it comes, we will be prepared for it. Whatever happens, the dignity of the law will be upheld and violence will be met by prompt action. If the San Francisco authorities find that they are not able to cope with the situation, they will be supported by the whole power of the state, if need be, and if that is not sufficient there is even a stronger power. I do not wish to be understood as threatening or hinting at a threat, but we are keeping in touch with the situation in San Francisco, and are receiving information as to what is taking place."

"I do not know how long I shall remain in Los Angeles, but if I am needed in the north I shall leave for there immediately I get the word. I want to be near enough to the scene to be able to learn definitely just what the conditions are, in order that I may know how to take intelligent action."

In relation to the possible provocation for interference by federal forces, Colonel W. A. Simpson, U. S. A., adjutant general of the Division of California, and General Funston's chief aid, made the following statement:

WHAT FUNSTON WILL DO.

"In case of violence or trouble General Funston will, I believe, wire at once to Washington for orders. It will take very little time, of course, to get in communication with Washington, and General Funston will probably await orders from the department before taking any action. Only in the case that Governor Gillette appeals for our aid would the federal troops take the initiative."

"The United States Marshal could ask our aid directly in case he found himself powerless to see that the mails were distributed on the cars, and we would give him the assistance needed for the purpose. I think, though, that this would be done under direct instructions from Washington. The situation is entirely different from that one year ago when General Funston virtually seized command. That was a crisis that would brook no delay. Nothing in the present situation is likely to call for immediate action."

"There are plenty of troops in San Francisco and near by for any emergency. There is a regiment at Monterey and all the men needed could be brought here without any difficulty."

CIVIC LEAGUE ACTS.

In an effort to avert a protracted strike and a long suspension of the street car service, the Civic League, composed of merchants and manufacturers, organized for the protection of public interests, yesterday addressed letters to President Patrick Calhoun of the Carmen's Union and also to Henry T. Scott of the telephone company and Secretary McCabe of the Labor Council.

PROPOSES ARBITRATION.

The letter, after setting forth the evil

consequences of industrial strife, says: "We therefore respectfully suggest that your organization consent to arbitrate the differences now existing between you and your employees. Each side to the controversy to select three arbitrators, and if they cannot agree, they to select a seventh. The employees shall return to work immediately pending arbitration proceedings, and all parties to the controversy to abide by the results of the arbitration, to be effective from May 1, 1907."

"We submit that the public have unquestioned rights in these matters and that the interests as well as the good name of our city must not suffer owing to the controversies between capital and labor."

"This letter is submitted to you not only in the interests of all concerned, but for the general welfare of our city."

"We trust that you will appreciate the kindly spirit in which this is offered, and that you will make the immediate consideration which the exigency requires."

"We await a reply by 6 p. m. today, this Sunday, at 1740 Fillmore street. Yours sincerely,"

"CIVIC LEAGUE OF SAN FRANCISCO."
"By special committee,"
"NORTON C. WELLS,
"ISIDOR JACOBS,
"FRANK W. MARVIN,
"A. W. SCOTT JR.,
"ROBERT A. ROOS."

The league received responses from the Carmen and from the telephone company that they would consent to the proposal for arbitration, and Mr. Calhoun, after a conference, agreed to postpone his attempt to operate the cars until tomorrow morning.

MAHON COMING.

President Cornelius of the Carmen's Union received a telegram today from W. D. Mahon, president of the International Union, to the effect that he leaves Hot Springs, Ark., today for San Francisco to aid the local union in directing the strike against the United Railroads.

Concerning the strike situation Cornelius said as he left his house this morning to walk to the union headquarters, a distance of about thirty blocks, that reports from his men were to the effect that James Earley, the noted strike-breaker, had arrived in the city and had been seen with officials of the company.

At the Turk street car barn the windows have been barricaded with heavy screens and blankets and provisions have been put in to care for an army of men.

MORE NOTICES.

President Calhoun of the United Railroads posted notices in all the barns this morning directing the men to return to the service of the company or consider themselves discharged. He also caused it to be announced that cars will be run out of the barns tomorrow, thereby signifying that he intends to make an effort to start the cars regardless of any action taken by the Carmen.

PRESIDENT TO FIRE FIRST GUN

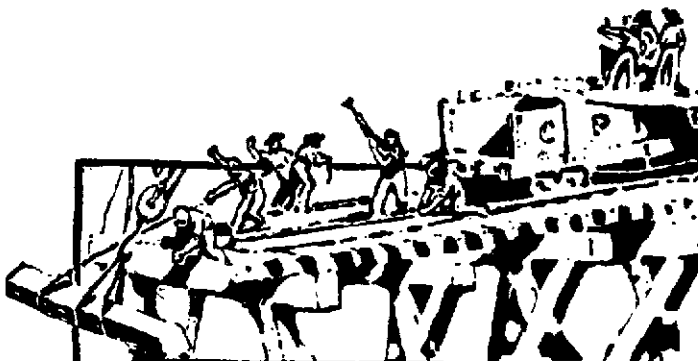

Roosevelt to Open Schutzenbund With Electricity.

CHARLESTON, S. C., May 6.—The fifth annual festival of the National Schutzenbund of America will be opened in Charleston today by President Roosevelt, who, at the White House at Washington, will press the telegraph key that will fire the rifle and electric communication. Several thousand riflemen from all over the United States are here and prizes to the value of \$5,000 will be contested for.

Alexander Benton, who lives on Rural Route 1, Port Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of my consumption for my son's wife. The first bottle ended the terrible cough and this accomplished, the cure was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous."

"There is a very winning romance running through this story, it indeed romance is not the main feature of the book and the railroad story the framework upon which the romance is woven. It is altogether a delightful novel, one of hearty, fine imagination, and full of action."

GOVERNOR PREPARED TO DO HIS PART

Would Not Hesitate a Minute, Were It Necessary, to Throw Militia Into San Francisco.

LOS ANGELES, May 6.—Governor J. N. Giltner, who has been in Los Angeles since last Saturday, was asked today what official action he would take with reference to the San Francisco strike situation, in the event serious disturbances should take place there. The Governor answered very guardedly upon the subject, but at the same time left no doubt that in the event it was necessary he would take the sternest measures to preserve law and order in San Francisco. The Governor said:

WATCHING THINGS.

"I am watching the situation in San Francisco very closely. I am hopeful that there will be no serious trouble there and I have been gratified to note so far that there has been a strict observance of the laws and that no other than a peaceable disposition has been shown by all parties connected with the strike."

"In the event there should be serious trouble between the men and their employers, and the situation were to be-

come such that the local civil authorities were unable to cope with it, I should not hesitate a moment to take the necessary steps, by the power invested in me as Governor, to see that peace was preserved and the safety of life and property insured."

WOULD ACT PROMPTLY.

"I would first have to be satisfied, however, that the authorities of San Francisco were powerless. I do not know that I should wait for them to report to me that they could not control affairs there, but I would have to be thoroughly satisfied from my own investigations that such was the case before I would take any radical action. But, as I say, I am very hopeful that there will be no violence. In fact, from the conduct of all parties to the controversy so far, I see no reason for apprehension on this score."

"I will remain in Southern California several days, perhaps, but wherever I am, I shall keep close watch on the situation in the north."

Calhoun's Offer to Men to Return to Work

All employees of this company are hereby directed to report at their respective car barns or other customary places by Tuesday morning, May 7, 1937, at 8 o'clock, ready to resume work. All of such employees will receive the same rate of pay as heretofore. Those not reporting are hereby discharged from the employment of the company, and they will immediately turn in their badges, punches and all other property of the company in their possession or under their control, and receive no amount heretofore deposited by them under the rules of this company.

MAY 6, 1937. PATRICK CALHOUN, President United Railroads of San Francisco. The above is a copy of the notice posted today in the car barns of the United Railroads as a result of mediation by the Clegg League.

FACE CHARGE OF GAMBLING

Berkeleyan's Capture in Alleged Game to Be Arraigned Tomorrow.

BERKELEY, May 6.—W. Sedel, E. P. Finch and H. Kutter, the three Berkeleyans who were arrested last Saturday night in connection with the raid that was made on the Hampton cigar store by the police, where it is alleged the officers found a seven-and-a-half gram in progress, will be arraigned before Judge Edgar tomorrow morning. All of the accused men are out on bail.

FOUND GUILTY

Jury Convicts Eleven Black Handers.

WILKESBARRE, Pa., May 6.—The sealed verdict of the jury in the "Black Hand" case was opened in court this morning. Eleven of the defendants were found guilty as indicted and two acquitted. The jury reached the verdict Saturday night. When it was read today, however, the convicted men made motions for a new trial. Judge Haley said he would hear arguments on the motion next Saturday.

JAPANESE BEATEN.

Because he was a Jap, H. Kurima, a sailor living in Alameda, was assaulted by two white men this morning and painfully beaten about the face and head. The Japanese says the men struck him because he was a Jap and they claimed they did not like the brown men. He boarded a car and went to the Receiving Hospital, where Warden Page dressed the bruises.

JAIL FOR FIVE DAYS FOR THIS PRETTY GIRL

May Hampton, president of the International Shirt Waist and Laundry Workers' Union, Local No. 55, will spend the next five days in the county jail for her over-zealous efforts in boycotting the Troy Laundry in Berkeley. Superior Judge Ellsworth this morning passed sentence on the girl of \$100 fine or a day in jail for each \$20 of the fine. She told the court that she preferred the imprisonment alternative and her attorney, Austin Lewis, asked that judgment be suspended until 1 o'clock this afternoon that Miss Hampton may get some clothes for her stay in jail.

Miss Hampton was accused of interfering with employees of the Troy Laundry, who did not belong to the union. Last December she was fined \$5 for violating the law, but a writ of habeas corpus secured her release. She was then employed by the Troy Laundry, but took hold of them and led them across the street and ordered them not to go there to work. You have no right to violate the privilege of those who wish to work here," said the judge.

"It is the duty of this court to see that its mandates are obeyed whether it is a man or a woman," Mrs. Julia Leigh was the complaining witness last week, when she said that Miss Hampton took hold of her and attempted to frighten her out of working at the Troy Laundry at Grove street and Dwight way, Berkeley. Mrs. Hampton took the sentence very calmly and said she preferred to spend a few days in jail rather than pay the alternative of \$20 a day while she is on the strike. Her attorney claims that false testimony was made and he may petition for a writ of habeas corpus for his client.

CORPORAL ON TRIAL BY ARMY

Soldier Accused of Attempt to Kill Captain Macklin.

FORT SILL, Okla., May 5.—A court-martial to try Corporal Knowles, charged with attempting to kill Captain Edgar B. Macklin at his home at Fort Reno, upon the night of December 21, last, convened here today.

AUTOIST FACES TWO CHARGES

George Graham Awaits Trial in \$25 Bail.

BERKELEY, May 6.—George Graham, a chauffeur, was arrested this morning at University and San Pablo avenues and taken to police headquarters, where he was released on \$25 bail. He is accused of driving an automobile without lights, and being unable to show a chauffeur's license.

LICENSED TO MARRY.

The following marriage licenses have been issued: Alva Crabbill, 32, and Bertha M. Dorn, 34, both of Oakland; Edward H. Thompson, 35, San Francisco, and Jennie M. Munroe, 25, Napa; Howard Sharp, 28, and Alice Nichols, 26, both of Berkeley; King Gray, 21, and Myrtle Nichols, 21, both of Berkeley; Stanley Murray, 25, and Elvina Bresno, 23, both of Oakland; Christian Hansen, 26, Oakland, and Elizabeth Shaw, 27, San Diego; Willie Penland, 30, and Elmore Young, 24, both of Oakland; Arthur B. Crooks, 26, and Anna Larson, 22, both of Alameda; Mack Bell, 28, and Emma Symmes, 26, both of Chicago.

THROWN FROM A CAR.

Andrew Fallon, a moulder residing at 775 Seventh street, was thrown from a moving street car at Twenty-first street and Fourteenth avenue yesterday afternoon and was badly cut about the face, body and left hand. A rash about two inches long was made in his head, but the skull was not fractured. Fallon was taken in the police patrol to the Receiving Hospital, where his injuries were looked after by Dr. Irwin.

DINAN EXPECTS NO TROUBLE. Chief Dinan of the police force told THE TRIBUNE correspondent that he expected no trouble, but he had a relief force of eighty men scattered throughout the city for the purpose of protecting peace, property and life if such should be necessary. It was rumored this morning that the merchants on Van Ness avenue contemplated closing their stores and that in all probability they would do so if the strike should extend over a few days because they felt it would be a bad investment to pay clerks when no business was being done.

SOLD LIQUOR IN SODA WATER BOTTLES

Woman Fined or Must Spend Fifty Days in the City Prison.

For selling liquor in soda water bottles at her little notion store at Twenty-fourth and Myrtle streets, Susie Siedler was sentenced to pay a fine of \$100 or spend fifty days in the city prison, by Police Judge Smith this morning. The authorities discovered that the woman had been selling liquor without a license, avoiding suspicion for a time by serving it in soda water bottles.

RUEF'S ILLNESS STOPS TRIAL

Cold Holds Curly Boss in His Prison

SAN FRANCISCO, May 6.—The illness of Abe Ruef caused a postponement of his trial for one week, it being shown to Judge Dunne this morning that the prisoner's condition would make it unwise for him to leave the house in which he is maintained by Elmer Biggs. Dr. J. Wilson Shields, appointed by the court to make an examination of Ruef, testified that Ruef is suffering from a very severe cold and that while his condition is by no means serious, there was danger of the cold developing into pneumonia if he ventured out. Judge Dunne thereupon set the case over to next Monday.

SENTENCE BOY TO YEAR'S CRUISE

Ring Thief to Make Trip Around World

A year's cruise around the world will save sixteen-year-old Thomas Connelley of Berkeley from a term of a greater length in the reform school. He was arraigned before Superior Judge Melvin this morning for having stolen a diamond ring from Mrs. Enzenberger of 3104 Grove street, Berkeley. Young Connelley was in the employ of a Berkeley vegetable store and when he took an order of goods to the Enzenberger home, he walked in and placed them on the table in the kitchen. Mrs. Enzenberger had him sit a moment while she went to another room for the money. Connelley slipped the diamond ring from another table, into his pocket. The police were notified and when the lad was asked about it, he confessed and told where the jewel could be found in an artichoke box at the vegetable store. The ring was recovered and Connelley was held over to the Superior court for grand larceny.

BOY'S DARING RESCUE

Risked Life to Save His Young Playmate

While playing near the Oakland mole last Friday, little Earl McKeehan, son of Policeman Patrick McKeehan, of 1020 Chester street, fell into the soft mud and was only saved by the heroic efforts of his playmate, Eugene Barker, of 1050 Peralta street. The rescue was watched by many railroad men, who cheered Eugene as he pulled little Earl to safety.

SMITH'S BODY FOUND

(Continued From Page One.)

HAS IDENTIFIED THE BODY. THE SHIRT, THE TIE AND THE PECULIAR FORMATION OF THE DEAD MAN'S NOSE WERE ALL DECLARED TO BE EXACTLY LIKE THOSE OF FRANK SMITH, THE MURDERER.

The body found in the estuary had on a double-breasted suit of dark blue color, a blue tie with red figures, celoid collar. Strapped under one arm was a holster, which would hold a large pistol, and cut into the leather of the holster were the initials "R. E." and "W. S." and the words "Red Blunt." Done up in a handkerchief which was found in a pocket were about twenty dumdum cartridges of 32-caliber.

The teeth were carefully examined by Dr. Cleck, as was also the nose. Mr. Cleck says that Smith always wore a celoid collar, wore a shirt of the color similar to that found on the body, and that his teeth were separated to a noticeable extent. He positively identifies the body as that of Smith. There is a bullet hole in the skull, just above the right eye.

The body answers the description of Smith as to height and beard, Smith having had a very sparse growth of whiskers. While the authorities are convinced that the body is that of Smith, owing to the identification made by Mr. Cleck, other witnesses will be brought in to view the body and the clothing will be searched for further marks of identification, names, etc.

WILSON WANTS MORE POLICE

Peterson, Hodgkins and Holland Considered for Captain of Detectives.

Commencing with the next fiscal year, many changes are likely to be made in the police department. Chief of Police Wilson, in his annual estimate, will probably ask for additional sergeants and another captain, besides an increase in the force of patrolmen. The estimate will be filed with the City Council in the latter part of this month.

Chief Wilson said this morning that he believed that a captain of detectives would probably be appointed within a short time, but who this will be he would not state.

Captain W. J. Peterson and St. Clair Hodgkins, former chief of police, have been mentioned for the position. Dennis Holland, one of the oldest detectives in the department, is also said to be among those who have been considered by the Police Commissioners.

MURDERER CONFESSES TO CHICAGO POLICE

Milian Assassin Tells Story of Killing His Cousin—Woman in the Case.

CHICAGO, May 6.—Angelo Serpio confessed today that he shot and killed his cousin, Salvatore Serpio, who was found dead last night with two bullet wounds in his body. The shooting was the result of a quarrel over a woman.

PREPARE TO WELCOME KNIGHTS OF COLUMBUS

Preparations are going ahead rapidly

for a fitting reception to the State council of the Knights of Columbus, which is to convene in Oakland on May 14. Delegates will be present from all parts of California and a three days session is expected. The Key Route Inn has been selected as the place for the body to convene and it seems particularly adapted for the purpose. A suitable program is being arranged for the entertainment of the visitors by Dr. J. E. Milton, grand knight of the local council. State Deputy Charles Donlon of Oxnard will be present.

The Office Boy Gets Wise on Shirts

I tell you when I see the clerks and stenographers coming down town every morning with their lunches done up in music rolls, I can't help thinking that appearances are not always what they're cracked up to be. Take it in salesmen, for example. Most salesmen think that selling is like eating, to satisfy an existing appetite; but a good salesman is like a good cook; he can create an appetite when you're not hungry. Our salesmen are all stars, I guess. You never heard of one of them doing a Barry Wall stunt when there was a customer to wait on, and they're not afraid of having you give them a little trouble, either.

But, say, the new spring shirts are our best salesmen just now. I'd like to see more men wearing the kind of shirts we put on evidence at this store. If you've ever been disappointed in shirts, just simply pass a resolution that Heeseman's Shirts hereafter are good enough for you, and that little resolution will cut off a lot of trouble for you. Come in and see the new patterns in coat shirts at \$1.00, \$1.50 and \$2.50. WILLIE with

In Spite of Last Week's Interruption

The Piano Clearance Sale

Gains New Life this Week
The Prices Are Doing It

Our Clearance Sale had been going but one day last week when parties made an unlawful entrance into our building and seriously interfering with the progress of the sale.

As the newspapers stated in their Friday issues we started this sale to reduce our stock at once to make room for alterations to the store, and on the opening day we were selling pianos all day long. The sale was eagerly attended by the public for everyone knew that it was a bonafide sale of high grade instruments at lower prices than had ever been quoted.

Thursday night an attempt was made to take possession of a part of our store by unlawful methods; but the court has granted us an injunction against the parties concerned, and the sale will continue just the same, except that we have to get the pianos out of the way by Saturday night.

We have therefore reduced the prices still lower and included in the sale every instrument in the store.

We announced the fact that prices were reduced still lower, by placing cards in our windows this morning and the selling began at once, as early as 8:30. We advise your calling in the morning as early as possible as the pianos will surely go very fast at the present greatly reduced prices.

Following Are Some of the Values

\$200 Pianos for \$110, \$115 and \$125
250 Pianos for 130, 135 and 150
300 Pianos for 190, 210 and 215
350 Pianos for 235, 245 and 255
450 Pianos for 365 and 375
550 Pianos for 435 and 445

Also Grands and Player-Pianos reduced \$75, \$100, \$125, \$150 and \$175 from their regular sale price.

Square Pianos, old ones that we have taken in exchange will be sold for just enough to cover the cost of cartage and repairing. The prices are \$10, \$15, \$20, \$25 and \$30.

Easy Terms:

Any piano in the store can be purchased on easy terms—a small amount down and a small amount monthly.

An additional discount of 3 per cent will be given to all cash purchasers. By all means come to this Clearance Sale if you want a piano—you can save from \$75 to \$150.

LOOTS ROOMS
DURING GAME

Money and Watch Stolen During Progress of Alameda Game.

ALAMEDA, May 6.—While a baseball game was being played on the field at Connel Avenue and Webster street yesterday the dressing-room of the players was entered and money and a watch stolen.

W. St. Sure had a silver watch valued at \$15, stolen. C. J. Atkins, of 162 Fifteenth street, Oakland, had \$235 taken from his pocket, and Charles Miller \$1. The theft was reported to the police. The room has been robbed with regularity every baseball season.

BOAT CLUB OPENS
SEASON YESTERDAY

Alameda's Athletes Entertain Their Fair Friends at Their Annual Opening.

ALAMEDA, May 6.—The Alameda Boat club opened the season yesterday with a ladies' day. The boat house was crowded through the day and it is estimated that 500 people were there during the day.

There were races between the club members, in which no time was taken, and a number of other races, to entertain the visitors. The new wing to the club building was opened for the first time yesterday. Despite the cloudy sky the attendance was as heavy as any opening in years.

The junior large race resulted in a victory for Alameda over the South Ends. The distance was one mile. Alameda won again in the intermediate race of one-half mile, the South Ends coming in second. The Dolphin and Alameda crews rowed a dead heat in the senior large race. One mile course.

Fred Brampton won the swimming race for ducks. The Alameda crew, working in all the races, was composed of John H. Bunker, Alameda, Alfred Brampton and Fred Johnson. The officials were George Lyons, clerk; George Lewis, timekeeper; H. K. McKevitt and C. C. Crockett, judges.

Owing to the car strike in San Francisco the Olympic and Athletics club failed to appear and the program was considerably changed.

POSTPONE OPENING OF CHURCH

The Rev. Macfarlane's Home Coming Delayed for Week.

ALAMEDA, May 6.—The First Christian church, at the corner of Park and San Jose avenues, was not opened for services yesterday morning as planned. The workmen have not completed a building and it may be necessary to postpone services in the new building for two weeks.

The Rev. P. C. Macfarlane, pastor of the church, was to have arrived from St. Louis last night, but a telegram has been received from him stating that he has been delayed and will not be home for a week. The Rev. P. C. Macfarlane will preside at the first services in the new church.

ABOUT BERKELEY'S
HOTEL CORRIDORS

BERKELEY, May 6.—Mr. and Mrs. James Johnson of Johnston, Scotland, who have been at the Hotel Carlton, Oakland, are overhauling their guests' James Long of Johnston, Scotland.

Mr. and Mrs. H. J. Edwards, who were married in San Francisco last week, have taken apartments at the Carlton. Mr. Edwards is a well known real estate man.

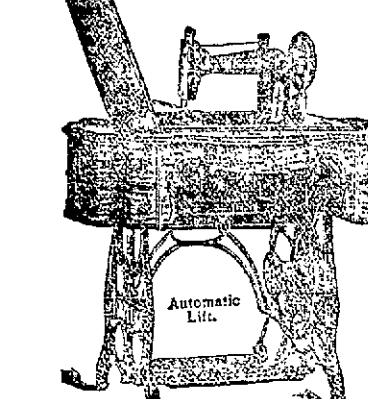

Dr. and Mrs. L. R. Martin of Monterey, Mich., are visiting Mr. and Mrs. C. W. Whitney at the Carlton.

There will be a ball at the Hotel Carlton on Saturday night, given by the guests at the hotel to their friends. Invitations have been issued.

Prominent Career of
W. G. Sanborn
Closed.

BERKELEY, May 6.—Warren G. Sanborn, retired capitalist and civil engineer, who built the inclined railroad of Lookout Mountain, died yesterday morning at his residence, 1503 Walnut street, in North Berkeley from heart disease.

Mr. Sanborn has resided in Berkeley since 1887. He came west to participate in the construction of the Shasta route of the Southern Pacific. At Dorthmouth he was the classmate of William Hood, chief engineer of the Southern Pacific.

Mr. Sanborn was a native of New Hampshire where for the most part he received his education. He attended Dartmouth college for several years, and was graduated from Union college, New York. He served throughout the Civil War in the United States navy.

About ten years ago Mr. Sanborn retired after nearly two score years in the working out of engineering problems.

Last Wednesday Mr. Sanborn celebrated his sixty-fifth birthday. Thursday he was taken ill, and fearing that he would not soon recover he resigned his post as treasurer of the Durant lodge, 248, P. E. and A. M.

The decedent was past patron of the

WARREN G. SANBORN

Eastern Star, Berkeley chapter, No. 178, and was a member of the Order of Amaranth. He leaves a wife, Mrs. Ar. Sanborn and two daughters, Mrs. Arthur P. Noves of Vallejo and August L. Sanborn, who resided with her parents.

The funeral was held from the residence this afternoon at 1:30 o'clock under the auspices of Durant lodge. The body was cremated.

CALLS WOMAN
A DIRTY COW

Berkeley Is Found Guilty of Disturbing the Peace of Resident.

BERKELEY, May 6.—Mrs. Emma Kidd appeared in court this morning to answer to a charge of disturbing the peace on a complaint sworn to by Mrs. Mary Anderson of West Berkeley.

Five witnesses, Mrs. Mary Anderson, Officers Robinson and Becker, Thomas Walsh and Mary Welsh all testified that the said Mrs. Kidd in an intoxicated condition on Wednesday, May 1st, passed Mrs. Anderson's house and made a number of remarks which were heard by the witnesses.

Each witness testified that Mrs. Kidd was a loud, noisy, and vulgar woman, and that she was in an intoxicated condition. When she passed the house of Mrs. Anderson, she made a number of remarks which were heard by the witnesses.

The court found that the defendant had disturbed the peace of the neighborhood, and sentenced her to a fine of \$10.

CHEMIST CUNNINGHAM TO
BEGIN PURE FOOD CRUSADE

City Health Board Plans New Milk Law

ALAMEDA, May 6.—When Archie Cunningham, the recently elected city chemist, takes office the first of next month he will begin a systematic investigation to ascertain if the Pure Food Law is being obeyed in this city. Cunningham will take samples of the various products from the local stores and after analyzing them will report his findings to the federal government as provided.

The patent medicines will not be the only liquids examined. It is intended to make an analysis of the whisky that is being sold in the various saloons and to see that it is labeled as provided for in the act.

The milk tests of the city will hereafter be made in a new manner. Hereafter Chemist Cunningham will make the tests. Dr. Carpenter, who formerly made them, gathering the samples and submitting them to the chemist.

The Health Board will meet tonight and it is said that a new milk ordinance will be adopted. Alameda was one of the first cities to pass an ordinance providing a regular monthly examination and analysis of the milk. Recently the San Francisco ordinance has been amended and improved, and the Alameda Health Board is considering the adoption of the changes in the San Francisco law which are not in operation here.

AT LAST CONCERTSYMPHONIES
DID NOT PAY

Thursday's Program Expected to Call Out Crowd.

BERKELEY, May 6.—Wagner and Strauss numbers will make up the program for the final symphony concert of the year to be given next Thursday in the Greek Theater. The symphony concert this year have not been as successful financially as those of last year, but a year balance still remains in the treasury of the music and dramatics committee to provide for contingencies.

The concert of next Thursday is expected to round out the season in good shape as the Wagner program of a year ago brought into the vast open-air auditorium at the upper end of the campus the largest audience ever assembled there for a symphony concert.

Dr. J. Fred Wolfe, who directs the symphony orchestra, has had marvelous success in keeping his players together. When they became scattered throughout the State during the confusion attendant upon the earthquake, he got into communication with practically every member, summoned them to Berkeley and during the following summer directed a series of concerts in the Greek Theater not a whit inferior to those given before the fire.

The last of the "half-hour of music" for the present year was given in the

Greek Theater yesterday. Mrs. Lillian Birmingham of San Francisco, who was to have rendered the program, sang, but one song as she was afraid the dampness might affect her voice. The selection given was from Handel's "Messiah."

SORORITY GIRLS
AT LUNCHEON

Doings of the Smart Set in Town of Alameda—Social Events.

ALAMEDA, May 6.—Miss Ruth Sadler entertained the girls of the Sigma Delta sorority at her Central avenue home Saturday afternoon at luncheon. The members of the sorority are students at Miss Hamilton's school in San Francisco.

Lieutenant Jesse Glover and Mrs. Glover are now in Alameda visiting friends. They will leave for the north on the Revenue Cutter Thetis in a few days.

Miss Camille Johnson, who is to marry Maurice Delaney, an extensive land holder in Ireland, left Thursday for the east, and thence to Ireland, where she will be married. Mrs. Johnson resided in Alameda for many years and came home two months ago.

Miss Lorena Westover and Miss Charlotte Perry have returned from the Grand Canyon. They were the guests of Mrs. Nettie Sexton.

Mrs. Lawrence Westdahl, who was Miss Alma Sevensen, will leave shortly for the east. She will be accompanied by the complimented guest at a luncheon given at the home of Mrs. W. E. Hooper in San Francisco. Mrs. Hooper's guests included many Alamedans.

C. C. Boynton, who has been traveling throughout the middle west, is now at his home.

Stanley Stevenson, the father of the city ordinance which prohibits the selling of prepared cigarettes in this city, will leave shortly for Honolulu where he is engaged in business.

TO BREAK THE DEADLOCK
OF MAYOR AND COUNCIL

Alameda City Fathers to Heal Troubles

ALAMEDA, May 6.—When the City Council meets tonight an attempt will be made to break the deadlock that has existed between the Mayor and the Council over the appointment of the Police and Fire Commissioners. Whether or not it will be successful is a question that cannot be answered until the caucus, which is to be held before the regular meeting, has met and reached some conclusion.

Certain members of the Council will vote for the retention of Police Chief Conrad. This was shown at the committee meeting last Friday night when after a name had been mentioned for the commission one of the Councilmen stated the man was opposed to Conrad and others remarked that it was useless to consider his name.

It has been considered for the past year, since Rev. P. C. Macfarlane conducted a crusade against the saloons and gambling houses and intimidated his sermons to their duties, that he was opposed to Conrad for police chief but a statement by Mayor Taylor has set the politicians to wondering. Mayor Taylor asserted that Rev. Macfarlane is not opposed to Conrad for chief of police and that the minister told him so.

At other times Rev. Macfarlane has

YATCH CLUB OPENS
SEASON WITH RACES

Acclions Rush Work on the Building for Organization's New Home.

ALAMEDA, May 6.—Yesterday was the opening day of the yachting season at the Asolian Yacht club. All day the clubhouse at High street was thronged with visitors and in the intervals between the races that were pulled out on the water there was a number of races were participated in by the members of the club.

The club plans to be in its new home before the season is over. The foundation is now in and work will be rushed on the building. The building fund has reached a good figure and the club affairs are in excellent condition.

MRS. MOLINARI DROPS DEAD

Coroner Finds Death Is Due to Heart Disease.

BERKELEY, May 6.—Mrs. Rose Molinari, of 319 University avenue, well known in the Italian colony of this city, dropped dead Saturday evening at her home.

Dr. Hector was called in, but the woman was dead when he arrived. The coroner investigated the case and found that Mrs. Molinari had died of heart disease. The funeral took place this afternoon.

These unhappy persons who suffer from nervousness and dyspepsia should use Carter's Little Liver Pills, which are made expressly for sleepless, nervous, dyspeptic sufferers. Price 25 cents.

Watch Your Thirty Feet of Bowels!

YOU have thirty feet of Intestine! What makes food travel through them?

A set of Muscles that line the walls of these Intestines or Bowels.

When a piece of Food rubs the walls of the Intestines these Muscles tighten behind it, and thus it starts a Muscle-wave which drives it through the whole length of the Bowels.

It should take about 12 hours to do this properly, so that nutritious parts of the food may have time to be digested and absorbed.

But, if it takes twice or three times that period the food spoils in passing, and becomes as poisonous as if it had decayed before being eaten.

Now, the cause of delay (Constipation) is simply Weakness, or Laziness of the Bowel-Muscles.

Want of Exercise, Indoor Employment, weakens these Bowel-Muscles, just as it weakens Arm and Leg Muscles.

"Physic" like Salts, Calomel, Jalap, Phosphate of Soda, Mineral Waters, simply flush-out the Bowels for the one occasion only.

They do not remove the Cause of Constipation.

But this is different with Cascarets. Cascarets act on the Muscles of the Bowels and Intestines. They act just as Cold Water, or Exercise act on a Lazy man. They act like exercises.

A Cascaret produces the same sort of natural result that a Six Mile walk in the country would produce.

The Vast Pocket Box is sold by all Druggists, at Ten Cents.

STATEMENTS BY CALHOUN AND MAYOR SCHMITZ

United Railroads Intends to Do Its Duty by Traveling Public—Waiting for Men to Go Back to Work Tomorrow.

SAN FRANCISCO, May 6.—That President Calhoun of the United Railroads no longer recognizes the local carmen's union and that his attitude is ultimate and will be strictly adhered to was the statement made by his assistant, Thornton Mullaly, representative of the signed statement given out yesterday by Mr. Calhoun in which he said:

"So far as I know there is not a member of the carmen's union now in the employ of a railroad in this city. It is now a union of ex-employees and it no longer has any connection with the United Railroads company."

Asked whether the company would receive and confer with a committee of the strikers, if it came as representatives of the men as individuals, Mr. Mullaly said:

NO QUARRELS.

"Yes, but no committee representing the local union will be recognized. Please understand that the United Railroads has no quarrel with unionism as a principle, nor is it opposed to organized labor as a body it simply has done with the local carmen's union. The union has twice broken faith with the company and has seized many opportunities to annoy and harass the company prior to presenting the unreasonable and impossible demands formulated within two months after the acceptance by the United Railroads of an arbitrary award by which the men were granted an increase of twenty per cent in wages. Now the company is done with this union for all time. Of this attitude the union leaders had full warning given by Mr. Calhoun some time ago."

REFUSES TO ANSWER.

Mr. Mullaly was asked to affirm or deny the truth of the statement that James G. Farley, the famous strike-breaker, is in the city and that he will superintend an attempt tomorrow morning to put cars in operation. He replied:

"That question I must decline to discuss at this time. Possibly Mr. Calhoun will have something to say about it in a statement to be given out by him later in the day. I will say this much: The company proposes to do its duty to the public by giving out cars tomorrow morning, and it is not the company's business to say positively that cars will be started out of the barns as early as tomorrow morning."

"I am not in a position to deny that the Turk street barns are being fitted up for the housing and feeding of the men who are presently operating the system of the fact that our entire platform force of 1700 men has struck. Any of those men who return for work at 7 o'clock tomorrow morning will be discharged at the present time, that fixed by the arbitration board. All who do not report at that hour will be discharged."

SAN FRANCISCO, May 6.—President Calhoun of the United Railroads, in an interview on the strike situation and other collateral issues with THE TRIBUNE correspondent this morning, spoke as follows:

"In my conferences with the committee of the Carmen's Union it was clearly stated by me and admitted by them that there was no principle of unionism involved in the present contest. It was a mere question of the rate of wage. The union declined to abide by the rate fixed by the Board of Arbitration and declined to offer the Oakland rate which the committee first stated it would do. The union never made any formal proposition to me, except for a flat rate and an 8-hour day."

"This I positively declined to grant with the clear statement that if the union would not abide by the rate fixed by the arbitration and struck, that it would permanently sever the relations of the company with the present Carmen's Union. I have no doubt that the union labor or on unionism, but I am unalterably opposed to the un-American principle that men can band themselves together for the purpose of forcibly preventing other men from working."

RIGHT TO LABOR.

"I regard the right to labor as an inalienable right of an American citizen. The government, neither state nor federal, can justly abridge this right, and no secret orders and combinations of men can lawfully abridge it. The United Railroads can secure all the men required to effect-

ively and efficiently operate its cars. All it asks is that it should be permitted to operate them peacefully and that the men it employs are fully protected in their lives and their liberties, and that the property of the company is protected from destruction."

"The company will proceed to operate its cars. It has given another opportunity to its old employees to return to work at the high rate of wages fixed by the board of arbitration, and it would prefer, however, not to work for the company, then I hope, as I said to the conference committee, that they will aid the company and facilitate it in every way in filling the vacancies caused by their withdrawal from service. The officials of the company are entirely free from temper in this matter. They desire the friendliest relations with their employees, and they propose that a local relation shall be established in the future between all employees of the company, as such a relation is essential to proper discipline and service to the public. The company has dealt generously and liberally with its employees and now relies upon the sense of justice in this community and upon the assistance of every law-abiding citizen to allow the men to pass and then they were lastly reconstructed."

"Following the strike breakers came two wagons, the first laden with provisions and the second with bedding. Another, filled with coils of barbed wire, was also taken. Hundreds of people thronged the street in front of the car barns when these wagons were passing. The men were under way. At least a dozen union pickets patrolled up and down the sidewalk. There was no disturbance."

DIVORCE GIVEN MRS. LINDBLOM

Nome Millionaire's Former Wife
Secures Children and \$200
Alimony.

A final decree of divorce was granted this morning by Judge Waste to Mary Ann Lindblom from Erik O. Lindblom, and the care of the two children with \$200 a month alimony was also given to Mrs. Lindblom, who sued for divorce on the ground of extreme cruelty.

Lindblom was at one time a local tailor and a quiet, domestic man until the push for gold overtook him and he joined the pack that crowded the beach at Nome in May, 1900. The pickings were good for the former Oakland tailor and it was but a short time before the sands gave up over a million dollars worth of gold.

With his fortune, Lindblom came back to California, but no longer the same man. The gold had placed a new desire in his heart, according to Mrs. Lindblom's complaint. He and she traveled in the company of women who could help him enjoy a gay life on the strength of the Alaska gold. Mrs. Lindblom claimed that her husband grew further away from home after each trip to the north.

The Lindbloms were married in London, England, August 2, 1886. Mrs. Lindblom and the children have lived in Berkeley since the separation. The Lindbloms' desertion, Mary G. Stanes has brought suit for divorce against Lawrence A. Stanes.

Edwin P. Wellenby brought suit for divorce this morning against Annie Wellenby.

STRUCK BY POLICEMAN.

While over celebrating at Shell Mound Park last night, Charles Anderson, a Swede sailor from the scow schooner Virginia, was struck over the head by a policeman's club and laid open about two inches of the sailor's scalp, which was stitched at the Receiving Hospital by Dr. Koford.

by the appointment of specials but I shall not do this until the necessity has become apparent.

STILL HAS HOPE.

The mayor said that he has not given up hope of getting President Calhoun and the union leaders together on middle ground notwithstanding his failure of last Saturday.

"I am figuring now on another conference," he said, but when told of Mr. Mullaly's statement that the company was through with the local union for all time and no longer recognized it, he remarked:

"That I did not know and had not counted on. It will make a conference much harder to arrange."

NO VIOLENCE.

Nothing approaching violence has marked the strike thus far. The public either walks or is hauled about in all manner of nondescript vehicles, 25 cents being the usual fare charged. For the most part a spirit of grim good nature is exhibited by the hundreds of thousands of inconvenienced people, many of whom light lightly with each other as they climb into the unaccustomed conveyances and submit to the "two-bit tax." Liverymen say that an offer of \$25 a day could not enable them to produce for hire a rig or a saddle horse. Chauffeurs are reaping a golden harvest at the rate of \$5 an hour.

Market street from the ferry building southward as far as the eye can reach is an orderly jam of vehicles, automobiles, drays, cabs, ancient burros and grocery wagons fitted with burlap-covered benches. The more suitable carriages of the rich toiling in opposite directions in two ragged and interminable lines. In front of the huge ferry building half a hundred Jews of all ages and conditions cry the respective merits of their service and suitable for fares.

LAUNDRIES TO REMAIN CLOSED

Owners Will Wait Till Union
Men Get Ready to Act on
Proposal of Arbitration.

The owners of laundries in Alameda county state that they will remain closed until the union men are ready to arbitrate upon the proposed wage schedule at a conference held with the members of the Shirt, Waist and Laundry Workers' Union in their headquarters.

The horses belonging to the various laundries are out on pasture and will remain indefinitely. The owners are preparing themselves for a long run which the union men and women are giving them, and they are determined to keep their laundries closed for a long time, owing to the steadfastness of the union men.

The horses state that they have nothing more to offer the strikers and so reason why there should be another conference. They have proposed to give an increase in the wage schedule of twelve and one-half per cent over last year's schedule, and think they have submitted a fair proposition.

SAYS HUSBAND SLAPPED HER

Wife Claims Spouse Followed
Her From Mexico to
Annoy Her.

Claiming that her husband had followed her from Mexico and was annoying her on the streets of this city, Mrs. Patricia Robouino obtained a warrant this morning for the arrest of O. F. Robouino on a charge of battery. Mrs. Robouino declares that her husband treated her cruelly in Mexico and that she finally tired of his blows and ran away coming to California. She was surprised to meet her spouse on the street here and she claims that he chastised her.

COOK BURNED.

The first day of the Key Route Inn was christened by the injury of Phil Erabi, one of the cooks, who was burned yesterday by hot lard. The scalding hog fat burned Krebs about the face and left hand. He went to the Receiving Hospital, where the burns were dressed by Dr. Koford.

ESTATE APPRAISED.

The estate of the late George Walter Brannhall has been appraised by R. J. Brough, Chandler Vose and Samuel Erick at \$52,585.66. The estate consists of life insurance policies, promissory notes and realty.

BUSINESS MEN MAY CLOSE

SAN FRANCISCO, May 6.—It was announced this afternoon that twenty leading merchants on Van Ness avenue have called a meeting for this evening in order to discuss the proposition as to whether or not they will close their stores during the strike.

The matter will be fully discussed by the merchants and the decision will likely be given out tonight.

SODERBERG SAYS "NOT GUILTY"

Matricide Stood Erect When Arraigned, but He Had Evidently Been Weeping.

With red eyes, as if he had been weeping, Ireland H. Soderberg, the self-confessed murderer of his mother, pleaded not guilty when arraigned before Superior Judge Melvin this morning. Soderberg appeared stronger this morning than at any other time he has appeared in court for the cold-blooded butchering of his aged mother.

Although when at first led in by Deputy Sheriff Soderberg's eyes were red and moist as if he had been crying, when Clerk James Glover read the full information charging him with murdering his mother, Soderberg stood erect and did not blink an eye. When asked what he would plead, he answered "not guilty."

Judge J. Allen appeared for Soderberg this morning, stating that the defendant's friends had requested that he be represented by the former district attorney for the time being, until some definite arrangements are made for procuring counsel. The case was set for July 15, and from the stand the murderer has already taken. It is evident that he will plead insanity in order to save himself from the hangman's noose. Since his confinement in the county jail he has been remorseful and at times cried over the thought of his brutal murder of his aged mother.

CHINESE SHOT BY WHITE MAN

George Williams Declines to Give
Reasons for Wounding
Laundryman.

A Chinese while at work in a laundry on San Francisco street, was shot and seriously wounded in the back with a shotgun at 2 o'clock yesterday by a white man, residing at 1235 Bush street.

The injuries are not necessarily fatal. The shot entered the muscles of the back in the region of the kidneys and covered an area of about a foot in diameter.

Williams was arrested by Sergeant Walters and Policeman Caveny, who found him at his residence. He offered no resistance and declined to say anything regarding the reasons for the assault other than that the Chinese were always bullying him.

No one has been allowed to see Williams since he was locked up. There was no divorce what-ever for the crime, there having been no trouble between Williams and the Chinese. Williams had a grievance. He loaded his gun, went to the laundry, and half entering the door he stood on the sill and fired at the Chinese. Williams saw a crowd quickly formed, and headed by J. C. Metzner followed Williams and guarded until the arrival of the officers, who were summoned by telephone. The Chinaman will survive unless blood-poisoning sets in.

TO HELP THE HELLO GIRLS

SAN FRANCISCO, May 6.—The switchboard clerks employed in the West and Franklin offices of the Pacific States Telephone company walked out this morning, leaving those two exchanges practically out of commission. The men notified the company that they would not take the places of the striking telephone operators. When the company insisted upon them performing these duties the men laid down their tools and left in a body.

The telephone company is making preparations for a long siege. This morning, bedding and supplies were taken into the West office.

"We want the union men of San Francisco to use the telephones. There is a mistaken idea that we do not want them used because of this strike. The more telephones are used the better satisfied we will be," said Secretary Bell of the Electrical Workers, No. 151, this morning.

The Electrical Workers Union has decided to make an extraordinary effort to end the strike of the telephone girls. To this end the committee appointed at yesterday's meeting of Local No. 151 has arranged to meet Henry T. Scott, president of the Pacific States Telephone and Telegraph Company, in his offices late this afternoon. The men have assumed an entirely friendly attitude and will attempt to act as a peace committee between the operators and the striking operators. The electricians will urge Scott to meet a committee from the Telephone Girls' Union and attempt to adjust differences.

STOLE THINGS FROM LINCOLN SCHOOL

BERKELEY, May 6.—Patrolman Jamison obtained a complaint this afternoon charging burglary against Herbert Kilborn. It is alleged that Kilborn burglarized the Lincoln school March 14, stealing numerous small articles. He had a prison record, being sent from Stockton in February, 1904, on conviction of burglary in the second degree.

CORNELIUS ON CALHOUN'S PLEA

Says Conspiracy Story Is Groundless

SAN FRANCISCO, May 6.—President Cornelius gave out the following exclusive statement to the TRIBUNE this afternoon:

"The statement of President Calhoun that the strike has been brought on by outside influences which are opposed to him is absolutely without foundation in fact. No one knows better than Mr. Calhoun how hard the Carmen's Union has striven to reach a peaceful settlement for the past three weeks. We have exhausted every means of coming to an understanding, but Mr. Calhoun put his foot down at the very first meeting between him and the conference committee, and said he would not concede one cent raise in wages or grant us the eight-hour day. He has never changed from that position, but now he says:

MISLEADING THE PUBLIC.

"I am being persecuted by the interests that are opposed to my company. Such statements are untrue and are only made to mislead the public and cloud the real issue, which is one of dollars and cents to Mr. Calhoun. He need have had no fear of any conspiracy if he had granted us our very reasonable request, which is no more than is paid the common labor of San Francisco. For the sake of the public and the city, we offered a compromise, which he absolutely refused to grant. It is now Mr. Calhoun who is threatening the life of our city instead of the Carmen's Union, and he alone is responsible."

MEN FOR GIRLS' PLACES.

At 12 o'clock today not one of the very few girls who refused to join the union and remained in the employment

of the telephone company had reported for work at either the main or south of Market street station and the entire clerical force of the company has been put to work at the switchboards. General Manager W. J. Phillips of the telephone company stated this morning that within a few days an entire force of men would be placed at the boards to take the place of the girls now out on strike.

OPERATORS HOLD MEETING.

A rally meeting of the Operators' Union was called in the labor council hall this morning and considerable enthusiasm was manifested among the girls, the reports of the various committees were heard and reports of a most favorable character to the cause of labor predominated throughout the meeting which was still in session at noon. A complete organization of the girls has been effected and the few girls that are approached by officials of the company are won over by the union before they can reach the headquarters of the company.

GIRLS' UNION DENIES.

Secretary of the labor council William P. McCabe stated this morning that the conditions were more favorable towards the girls than at any other time since the strike was called. The union has increased nearly 100 members in the last few days and there appears to be no other alternative than a peaceful and satisfactory settlement soon. As yet the telephone company has failed to recognize the girls as a union. Financially the girls are in a position to stand a siege of many weeks. Mr. McCabe is in receipt of many private donations to the cause and numerous contributions from the various unions.

REV. POTTER GIVES FAREWELL SERMON

Presbyterian Pastor to Take
Up Missionary
Work.

The Rev. Dwight E. Potter, who has resigned his work to enter the foreign mission field, preached his farewell sermon at the Union-street Presbyterian church yesterday.

For a time the Rev. Mr. Potter will be secretary of the home department of the Presbyterian Board of Foreign Missions. He will have charge of the Pacific coast states.

ANDREWS CASE IS CONTINUED

Railroad Policeman Prosecutes
Alleged Brass Thief.

In accordance with the decision of Judge William Waste of the Superior Court, Police Judge Samuels will probably find William Andrews, charged with stealing \$50 worth of brass from the West Oakland yards of the Southern Pacific Company, not guilty. Judge Waste held in a similar case that no evidence was presented to show that the brass was the property of the railroad company.

Judge Samuels heard further argument in the case this morning, but continued passing of judgment until May 13. One of the peculiar instances in the case this morning was that Railroad Policeman Becker conducted the prosecution.

WANT CREEK MADE INTO STORM SEWER

Residents of Claremont are preparing a petition to be sent to the City Council, requesting that Carmichael Creek be converted into a storm sewer, it being claimed that the rush of waters in the district necessitates such action.

The Council will meet this evening. City Engineer Turner states that the proposed improvement would cost the city about \$100,000.

TO FIGHT MCCARTHY IN TRADES COUNCIL

SAN FRANCISCO, May 6.—P. H. McCarthy, President of the Building Trades Council, is accused by members of various unions with riding with capital, and they say an attempt will be made to show McCarthy declares the allegation a sequel to the conspiracy against his life.

WIFE REFUSES TO PROSECUTE W. WEST

Actor Rearrested on Suspicion of
Being United States Army
Deserter.

Because of the refusal of his wife to swear out a warrant against him, William E. West, a vaudeville actor, who was arrested on a charge of battery by a roomer in the Chicago house, where the Wests have apartments, was discharged by Police Judge Samuels this morning. West was accused of having beaten his wife and little son into insensibility.

West was re-arrested on suspicion of being a deserter from the United States army.

HEARING OF B. C. WILLIAMS

Real Estate Agent Faces Police
Judge May 14.

Preliminary examination of Ben C. Williams, prominent real estate agent of this city, on a charge of felony embezzlement, will be held in department one of the Police Court on May 14. Williams is accused of misappropriating deposit money of his customers to his own use. It is said that he is involved in the sum of several thousand dollars.

NATIONAL EDUCATORS MEET IN THE SOUTH

Preparations are about to be made for the annual convention of the National Educational Association which will convene in Los Angeles from July 8 to 13. The association had voted to meet in San Francisco last year, but was prevented by the earthquake and fire. It has been about seventeen years since they have met on the Pacific Coast. The last meeting was at the Hotel California in San Francisco. The association is still remembered by many educators of this county who were present. The delegates are not elected, but all educators who make the proper application will be admitted to a seat in the convention. Concessions and rates will soon be made by all the railroads and it will be within the reach of many from all parts of the country to attend. Many local subjects will be discussed and lectured on by the most thorough professors in the country.

FIRE STOPS THE PLAY.

While a number of children were having an amateur theatrical performance in a shed in the rear of the home of L. A. Schmitt at 464 Summer street yesterday, a small candle set fire to the shed and the fire department had to be summoned to extinguish the blaze. The damage was nominal and the small thespians escaped uninjured.

DARDEN WAS A GOOD THING

Two Wives Got a Large Sum
of Alimony From
Him.

Not satisfied with the decision of Superior Judge Waste that denied her alimony while the divorce case is pending, Myra A. Darden has given notice that she will appeal the order and decision of March 22 and begin another suit for maintenance against Levi T. Darden, the wealthy former Dureka furniture dealer. Mrs. Darden has sued for divorce on the ground of extreme cruelty and asked the court for \$150 a month alimony. When her request for alimony was heard several weeks ago, it was brought out that Darden had previously given her \$2500 to leave him alone and had \$2000 of that sum still in her possession. Much argument was had over the validity of the contract Judge Waste finally decided that Mrs. Darden had enough for support whether the agreement was valid or not.

The Darden divorce caused quite a sensation several months ago when the sensational suit was filed by ex-Senator Frank McCawley, in which Mrs. Darden claimed that her spouse had accused her of having questionable relations with men in Dureka, and who she had patched up their difficulties and lived together down here. Mrs. Darden brought suit for divorce in Dureka, but they settled matters and she went to the home of her folks at Grant's Pass, Oregon, and dismissed the action for divorce in the Humboldt County court.

This is Darden's second divorce experience, for he has living in Berkeley a divorced wife, May V. Darden, who set her feet in Dureka and who was granted a final decree in Dureka on the ground of extreme cruelty. May V. Darden has been heavily alimonyed until she moved to Berkeley when Darden paid her a lump sum with which she bought her home at 2401 Fagundes street. Mrs. Darden is a pretty member of the Phi Beta Phi sorority of the State university, lives with her mother.

NEW CORPORATION.

Articles of incorporation were filed this afternoon by the Summer Home Land Company, which will transact business in Oakland with a capital stock of \$75,000, of which sum \$50 has been commonly subscribed by James V. Jeffers, H. G. Giesen, M. E. Sanborn, A. R. Kanaga and Otto N. Hirsch. The Encinitas Mining Company also filed its articles of incorporation. They will have the principal place of business in Oakland and a capital stock of \$100,000, of which amount \$5 has actually been subscribed by W. A. Bissell, George P. Reynolds, S. B. Connor, A. N. Lewis and H. J. Langdon.

PLEAS NOT GUILTY.

Ira Butler, the young man who stood up and robbed five men in the Albany Cafe several weeks ago, pleaded not guilty this morning when arraigned before Superior Judge Melvin. Butler was represented by Attorney Clinton Dodge, who asked that the case be continued for one week to be set for trial.

Butler first gave the police in the alley in the rear of the Albany cafe just after the robbery was committed. The several hundred dollars procured at the point of a pistol was found in a public can the next day by a scavenger. They rubber changed his clothes, which were discovered in a shed in the alley.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence on the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Paining and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

'The Tribune's' Latest Achievement.

Sunday morning THE TRIBUNE, in advance of any of the San Francisco papers, printed the definite news that the carmen's strike had been ordered. Every reader of THE TRIBUNE had the fact laid before him at the breakfast table, while other journals left their readers in doubt as to the final decision of the carmen. This merely illustrates the fact that this paper is always first in giving the news.

Yesterday afternoon THE TRIBUNE printed an extra containing the full news of the strike situation. It informed the public that no street cars would be running in San Francisco today, and also contained the startling charge of Patrick Calhoun that the strike was the result of a conspiracy engineered by capitalistic influences inimical to the United Railroads that are working the graft crusade on the one hand and the Carmen's Union on the other to accomplish ulterior ends wholly apart from punishing official corruption and promoting the welfare of union labor.

Whether Calhoun's charge be true or false, it is sensational from a news standpoint and highly suggestive as throwing a sidelight on the graft investigation as well as the strike situation.

THE TRIBUNE was the first and only paper on either side of the bay to give publicity to Calhoun's extraordinary charge. Today it again gives the latest and most complete news of the San Francisco situation. Oakland's greatest newspaper can always be relied on to do that.

It is too early to talk about United States troops taking a hand in the San Francisco strike. There is no call for anybody to interfere, and interference on the part of the Federal authorities should never be contemplated save as a last resort. It had better not be discussed till extreme emergency arises.

Let Us Have Peace.

It is singularly unfortunate for the public at large that a general strike should have been called on the San Francisco car lines at a time when the bakers, laundry workers, iron workers and telephone operatives are on strike and a strike of the electrical workers and cooks and waiters imminent. Such a great body of workers being idle at the same time dislocates business and is disastrous in a general way.

However, it is a condition, not a theory, that confronts us. It calls for the exercise of wisdom, moderation and patience. Forbearance is also a cardinal virtue at this time. There is too much dynamite in the situation for fulmination to be handled carelessly.

Richard Cornelius, president of the Carmen's Union, says the strikers are resolved to keep the peace and will assist in the preservation of order. This is reassuring, and if the declaration in favor of law and order is adhered to, the city will happily be spared the scenes of riot and violence which have too often attended street railway strikes in other cities. The struggle will then resolve itself into a question whether the company can operate its cars successfully with non-union men. If an efficient service cannot be given with non-union labor, provided there is no violent interference with the operation of the car lines, the company must acknowledge itself beaten. On the other hand, if a good service can be maintained with a non-union force, the strike must be counted a failure. Preventing operation by stoning cars and assaulting trolley crews will not settle the question nor decide the right and wrong of the dispute.

Let us hope such arguments will not be resorted to, and the issue put to a square determination on its merits and in accordance with the principles of law and order.

Unfortunately there is always an abundance of material for riotous disturbance when several strikes are in progress at the same time. General inconvenience begets heated temper and bad blood, and a vast number of people suddenly thrown into idleness engenders restlessness and disturbance. That is the danger in San Francisco at this time, and it should be guarded against with calmness and firmness. All classes of citizens should adhere to the peaceful and orderly determination expressed by the Carmen's Union and refrain from language and demonstrations calculated to provoke resentment and arouse excitement. Good citizenship should unite to preserve the public peace.

The Presidential situation so far as Foraker and Taft are concerned can be briefly summed up. If Taft carries Ohio he will probably be nominated, but even if Foraker carries the State he can hardly be counted a Presidential possibility.

On Roosevelt and Eating Crow.

A Democratic contemporary sarcastically observes that Republican newspapers had better be careful about criticizing President Roosevelt, or they may have to eat crow.

Nonsense. The President is not above criticism, and criticizing a particular act or utterance does not imply condemnation of all he does or says. It is the duty of a candid supporter to reprove faults and point out mistakes.

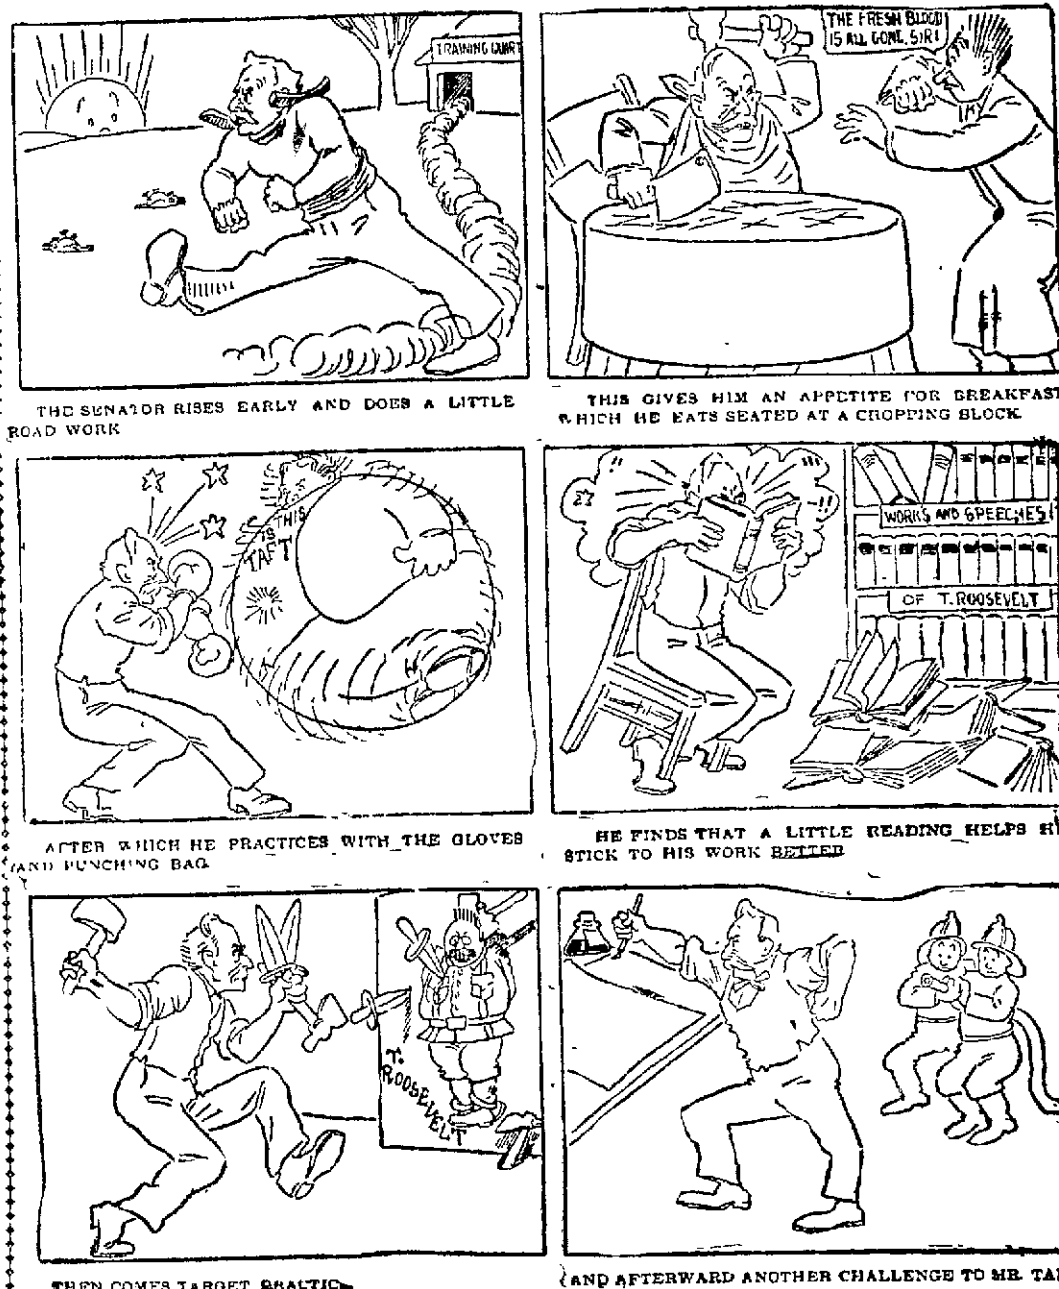

A Republican may strongly oppose the third-term idea, but at the same time feel it a patriotic duty to support an able, honest and vigorous Republican—like Theodore Roosevelt, for instance—against a visionary, impracticable Democrat like Bryan or a plutocratic reactionary like Alton B. Parker.

When it comes to choosing between alternatives, wisdom and patriotism demand that the one promising the greatest good and the least evil shall be taken. Only fools and fanatics take the worst, because the best within their reach is not up to their standard or wholly in accordance with their desires.

Conditions will determine whether President Roosevelt will again be a candidate. They will be such conditions as will convince millions of American citizens that imperative necessity requires Theodore Roosevelt to serve another term in the Presidency. The issue will be one of public expediency rather than abstract principles or the soundness of the theory promulgated by Washington in declining a third term.

It is true that President Roosevelt has made some mistakes, but it is equally true that he has rendered the nation inestimable ser-

NEWS FROM THE TRAINING QUARTERS—SENATOR FORAKER IS GETTING READY FOR HIS COMING GO WITH SECRETARY TAFT.

vices. He has grave faults of character, but his virtues are so large and so wholesome, so impregnated with sound patriotism and virile citizenship that they outweigh the faults as tons to ounces. He has done some wrong, but he has been of immense service to justice, and if he has on occasions overstepped his official prerogatives, he has employed the vast powers at his command to promote the general welfare.

He cannot be judged by his faults and mistakes alone; his splendid services, his sterling patriotism, his fearless honesty and his indomitable desire to promote good government must be weighed with them. The whole man and his entire record must go into the scale before the balance can be struck.

As for eating crow, even that is preferable to feasting on the Democratic buzzard. But there are few men who embody the loftiest ideals or exemplify the highest standards of human conduct. Only the divine is flawless. We can point out failures without losing admiration for success. We can hold our eyes open to shortcomings without surrendering respect for lustrous virtues and high qualities or ceasing to regard with gratitude enormous public service rendered from high motives.

The discriminating citizen need not be blind to mistakes and faults or silent in regard to them to hold President Roosevelt in proper esteem or to judge fairly between him and any other man who may be pitted against him for the Presidency. We do not believe he will again be a candidate for the Presidency, for we believe him to be a man of his word, but if he should be it will be in obedience to popular mandate, in which case judgment will have to be rendered on his record and achievements, not upon criticisms which he has from time to time provoked from his friends.

The auto is one of the most useful of vehicles as the horse is one of the most servicable of animals; but it is just as essential to put a curb on one as it is on the other. The value of the most useful agencies to mankind can be destroyed by their abuse, and that is what the reckless driving of automobiles through crowded thoroughfares is sure to lead to if not stopped in time. These road vehicles are multiplying rapidly in Oakland, and, with their multiplication, the menace to life and limb on the public streets, particularly on the business thoroughfares, is increasing in proportionate ratio.

ROMAN CATHOLICISM IN AMERICA.

Latest Roman Catholic statistics give the Catholic population of the United States as 13,089,353, an increase of 437,309 over the previous year. The total number of Catholic clergymen is 15,093. During the year 1906, 334 new Catholic churches were established, making the total of Catholic churches 12,148. There are eighty-six ecclesiastical seminaries with 5697 students and 4364 parochial schools with an aggregate attendance of 1,096,842. There are 255 orphan asylums, in which 40,588 orphans are taken care of. Including orphans, children in homes as well as those attending the 998 institutions of higher education, there are 1,266,175 American children being educated in Catholic institutions. The Catholic hierarchy of the United States consists of one papal delegate, one cardinal, fourteen archbishops, ninety bishops and eighteen abbots. The majority of Catholic clergymen are secular priests, there being 11,135 of this class. The religious order priests number 3958 and among these are represented forty-five different religious orders. The Catholic population of the Philippine Islands is given as 6,862,413; Porto Rico, 990,000; Hawaii, 32,000; Alaska, 12,500, making the total of Catholic subjects under the American flag 20,986,266. The Catholic population of Canada is given as 2,448,639; that of Cuba is 1,572,862. The archdioceses of New York and Chicago are each rated at 1,200,000. In Greater New York there are 266 Catholic churches. In Chicago there are 175 Catholic churches; in Philadelphia, 91; in St. Louis, 76; and in Boston, 58.

ELLEN TERRY, FAMOUS ACTRESS, IS THE BRIDE OF YOUNG MAN Their Wedding Took Place at Pittsburg

NEW YORK, May 6.—The World says: That Ellen Terry, the famous English actress, was married secretly on March 22 last at Pittsburg to her leading man, James Carew, was stated yesterday by Carew in this city. Miss Terry sailed yesterday for England, and Carew, who remained here to attend to personal business matters, says he will follow her this week. Miss Terry is 59 years old, and

some time ago was reported to be a grandmother. Carew states he is 32, but he looks even younger. He is six feet tall, broad shouldered, with a ruddy, clean-shaven, handsome face. Carew, who is a native of Indiana, has been an actor eight years. He became acquainted with Miss Terry two years ago while playing in England. She is to continue on the stage. This is her third marriage.

HE ASKS \$200,000 FOR THE 'LOST LOVE OF HIS PRETTY WIFE Merchants are Made Defendants in case

CATSKILL, May 6.—Application was made on behalf of William H. O. Bramson, a well-to-do hotel keeper of Catskill, N. Y., by his attorney, George Robinson, of 99 Nassau street, to have placed upon the calendar of the Supreme Court of this county for a quick hearing two suits for \$200,000 each, which Bramson has brought against two merchants of this city for the alleged alienation of the affections of his wife, Gertrude J. Bramson.

Mrs. Bramson, who is well known in Brooklyn social circles, is the daughter of J. J. Van Dusen, of 603 Vanderbilt avenue. She is a very pretty brunette.

Mr. Bramson has also brought suit for divorce, but process servers have been unable to find Mrs. Bramson. It is said that she is in California.

The men sued by Mr. Bramson, and who have been served with papers in the alienation act, are W. Clarence Whipple, of 71 Cortlandt street, and David Greenwald, of 716 Eighth avenue.

Attorney Robinson says that when the suit is heard he will introduce letters from the two defendants to Mrs. Bramson, which will show the relations between them. One, which he alleges was from Whipple, is as follows:

"New York, Dec. 19. "Dear Peggy: Your letter and postal came today and for goodness sake do not send any more postals to the store. All the boys read them and G— is liable to come in any moment and see them, too, and then I would be in a fine mess. I wrote you a good long letter yesterday and you will no doubt have received it before this.

"Yes, my dear, I will go and see John tonight as you wish me to, but you know that I do not like that fellow Greenwald. I think he is stuck on you and you may be on him, too, and I am so jealous of you, dearie, I do not know what to do.

"At times it makes me feel bad that Will can have you all the time with him. This is a funny feeling I have for you, but I can't help it, my pet, for I do love to be with you or near you. I am writing this in the store and they are bothering me so much that I will have to stop for this time. When you write to the store be careful what you say as G— comes into the store very often. Tell me what size shoes Will wears. I want to send him a pair. Tell me all about how you dress in this time of the year and do you go in bathing now? Good night, my sweetheart.

"CLARENCE."

SHE JILTED A RICH MAN AND IS DRIVEN FROM HER HOME The Pathetic Case of Miss Ann Mercer

BAYONNE, May 6.—Miss Anna Mercer, who refused to marry the man picked out for her by her mother, after all arrangements for the wedding, to take place Monday in St. Joseph's Roman Catholic Church at this place, had been made, is now, according to her friends, homeless, having been driven from the house by her parents, who live on John street.

The present whereabouts of Miss Mercer is not known, but it is supposed the man she loves and whom she declares she will marry knows where she is staying. Miss Mercer disappointed the bridegroom-to-be, John Cobach, at the church. Cobach entered the church shortly after 9:30 o'clock and for more than an hour waited for the bride, who failed to appear.

Miss Mercer said she did not love Cobach and would not marry him or any other man she did not love. While the guests were at the church, Miss Mercer, in her wedding garments, was weeping bitterly at her home.

"Mother has no right," said the girl, "to force me to marry a man I do not love. I have to live with him, and she doesn't, and if we were married, what kind of a life would I lead with a man

I do not love? I would rather die now than take such a step. I am going to marry John Wickerstey.

"He is a brother to the court interpreter. I know that he has not as much money as Mr. Cobach, but I love him, and I would rather be the wife of a poor man I love than the wife of a rich man I do not love."

When Miss Mercer mentioned the name of Wickerstey it was the first the guests knew as to who the other man in the case was. Mr. Wickerstey says that he has known Miss Mercer for some time and that she promised to marry him some time ago, but when the mother told him she would have to marry Cobach, he believed it useless for him to try to win the mother's consent.

"Now that the matter has taken such a turn," he said, "Miss Mercer and I will be married as soon as possible."

GENERALLY SPEAKING ABOUT WOMEN

BY JOHN WALKER RIDDLE.

You will know yourself better when you know the worst of yourself.

If you praise a married man the women will say his wife made him.

When a man tells a girl he is not worthy of her she believes him.

The names of most of the new babies sound as if their mothers dreamed them.

The persons who never make mistakes are not the ones who hold responsible positions.

The fruits of a man's intellect are often only the results of his wife's good cooking.

If the fiddler always had to be paid in advance most of us wouldn't dance so much.

Tears are often very convenient, but they should never be used except as a last resort.

No woman likes to think that if he were sick, her husband would prefer a trained nurse to her.

Some are born gossips, others achieve gossip, though many have gossip thrust upon them.

Women view life from the standpoint of their theories; men from that of their experience. Neither is wholly right.

Every woman is willing to stoop to slight deceptions to make it appear that her husband is very devoted to her.

When there's nothing else in life worth living for there remains the satisfaction of being on hand to see what happens next.

There is an aristocracy of money, but it amounts to nothing; there is an aristocracy of brains that counts somewhat; but the real aristocracy is the aristocracy of the heart.

Girls, hypocrisy is never thoroughly convincing.

Rivalry of Arms and Display of Poses

"We live in Martinez, in Contra Costa county, across the hills from Oakland, and so I am debarred from enrolling myself for the best-arm show," writes a young lady, "but I went to school over there, and have many friends in that city. Suppose I should let you publish a picture of me—not as a competitor, mind you—only to give your readers a chance to see how a Martinez girl looks. We take THE TRIBUNE, and the whole family are much interested in the exposition of arms. You certainly have printed some very pretty specimens, and several of the poses were indeed very graceful."

Phidias hereby informs the Martinez volunteer that she should not delay in forwarding her portrait hither. A Niles recruit says: "I went to Oakland and had my picture taken, but I desire you to give me another chance. The one I have does not suit me for pose or style. It only shows my arms to the elbow, and I remember now that you want the entire arm and shoulder to be naturally outlined. Folks tell me my arms are handsomer than have yet appeared in THE TRIBUNE; so, by your indulgence, I will visit the photographer again. I would just like to win that dozen pairs of silk stockings—your first-prize offer."

"Let me confess to you, Phidias," confides an Oakland miss of twenty-one; "I have received a matrimonial letter from a San Francisco business man. He declares he saw my picture one day in THE TRIBUNE, and thinks I would make him a nice little

Suggestions for Healty and Beauty

A cup of hot water will relieve a sick stomach, and for those who cannot take it plain, try a little lemon juice, a lump of sugar or a pinch of salt.

When one takes sulphur internally, it causes a gas, called sulphuretted hydrogen, to be given off by the skin. This blackens silver. Hence, when taking sulphur, it is wise not to wear silver trinkets.

Dainty lace or fine sewing is often almost ruined when the hands perspire too freely, and this is a common affliction which can be overcome by rubbing the palms with alum dissolved in hot water. The most obstinate cases of excessive perspiration yield to this treatment.

When the hands are black with grime do not try to remove it with soap and water, but rub on them some good cream and let it remain on the hands a few minutes to loosen the dirt. Then fill a bowl with hot water and use a good soap and a brush with rather firm bristles. If another sud is needed use it, and perhaps more of the cream, but do not leave the grime in the skin unless you wish to ruin the appearance of your hands.

DAILY LIFE OF THE YOUNG QUEEN OF SPANISH KINGDOM She is Always Compelled to Keep Busy

The position of an English queen in Spain, writes a woman who knows the situation, is by no means easy, especially when one is not over-dowered with tact and is the happy possessor of a mother-in-law. Yet Queen Victoria has not managed badly so far, and she certainly does her best. She makes courteous little speeches in Spanish, although she is not yet able to speak the language fluently. Every day she works at her Spanish, reads the newspapers, and has a Spanish lesson. She is not too enthusiastic over bull fights, but she is often present at them, seeing that her husband is so passionately fond of this and all sports.

Life at the palace is simple enough. In the afternoon the queen generally drives, but recently she has been visiting, according to the custom, the different churches in Madrid, and some of the services have been most trying ordeals for her.

CEREMONIALS AFTER THE BIRTH.

The pompous ceremonies which take place after the birth of the heir to the throne are, of course, innumerable. For months many persons have been employed preparing the royal layette, which has been supplied chiefly by twenty-nine different convents. At the Convent of the Sacred Heart alone, twenty dozen veils have been made, for the most part of fine cambric, trimmed with Valenciennes lace. The pelisses are trimmed with the Brussels lace that adorned the robes of Alfonso XIII, and which has been in the family for many generations.

Directly after birth the Prince of the Asturias, or the Infanta, is placed on a red velvet cushion on a golden platter, covered only by handsome lace, and thus presented by the Mistress of the Robes to the awaiting assembly.

The infant is passed to the Prime Minister, who carries him around, showing him to the Cabinet, the diplomatic body, headed by the Papal Nuncio and all the grandees of Spain. Then the child is restored to its mother.

or. As soon as possible after its birth the presentation to the Virgin Mary, takes place, and the child is baptized, if possible, three days after.

AN UNCONVENTIONAL MOTHER.

Queen Victoria's desire to nurse her own child has caused so much disapproval that, probably, she will conform with the traditions and employ an Asturian nurse, for it is on the buxom matrons of this province that this privilege falls. Probably the English nurse who is now at the palace will be sent back. Etiquette in Spain continues even during the night. From sunset to dawn three monteras, attired in quaint costumes, pace up and down the room adjoining the royal chambers, to which no one is allowed to approach. Only Espinosaurs can have the honor of becoming members of this most exclusive corps.

Automobile Kisses At \$10 Each

WASHINGTON, May 6.—Caught in the act of kissing by the town marshal, who was on the lookout for speeding automobilists, a Washington woman and a man supposed to be in the Government service were haled before Mayor Garrett, of Glen Echo, a suburb of Washington, on the charge of manifesting their affection for each other by numerous kisses and embraces, unmindful of the public view.

The Mayor, who is only twenty-two years of age, and said to be the youngest Mayor in the country, listened to the pleadings of the woman, who said publicity would separate her from her husband and children.

They were fined \$10 each, but had only \$2 between them. It was then that the young Mayor came to the rescue and ordered the woman to take a car home and the man to go by another route in his auto. He also instructed the man and woman to mail their fines to him under penalty of making their names public.

JUST FOR HER SMILE

Bravo, little soldier, for the smile you wear; You may never conquer armies anywhere; Men may never cheer you in the years to be, But the world is richer, gladder for your glee.

Bless you, little maiden, for your artless grace And the rosy beauty that is in your face; You may fade unnoticed and be lost to view; But the world is brighter for possessing you.

TO HEAR HAYWOOD ARGUMENT TODAY

The Defense Seeks Nature of Evidence

BOISE, Idaho, May 6.—The argument of the motion of the defense for a bill of particulars in the case of William D. Haywood, charged with the murder of Former Governor Steunenberg, was commenced before Judge Fremont Wood at 10:15 this morning. By direction of the court Haywood was brought up from the county jail below, to attend the hearing on the motion. Sheriff Hodgkin and two deputies brought the noted prisoner into the room and gave him a seat at the table of his counsel. He was not handcuffed.

Senator Borah represented the State and Messrs. Richardson and Darrow the prisoner. Mr. Richardson opened the argument for the motion in the prisoner's behalf. Mr. Richardson opened his argument by reading the indictment of Haywood, Moyer, Pettibone, Orchard and Simpkins, charged with the murder of Governor Steunenberg.

DARROW MAKES STATEMENT. Immediately before the opening of court for the hearing of the motion for a bill of particulars, Clarence Darrow, of counsel for the defense, said to the correspondent of the Associated Press:

"Under the laws and constitution, Moyer, Haywood and Pettibone are to be tried in court by a jury of their peers. The forum is the State Court of Idaho. Under these facts I don't see what there is for the President to do. All we have a right or a desire to ask either of him or any other officer is to leave the courts and justices to administer the law fairly and without prejudice and without influence from the outside.

NO CONSPIRACY CHARGED.

Mr. Richardson declared that the indictment did not charge either a specific conspiracy or a general conspiracy and did not show whether it was alleged that the defendants had conspired to murder only Governor Steunenberg or to murder a number of persons. The accused, he said, was therefore left in the dark by the indictment. The list of precedents and authorities quoted scores of cases, including the famous cases of Tillou vs. Beecher, the People of New York vs. Tweed and the Chicago anarchist cases.

Mr. Richardson reviewed the only Idaho precedent and contended as to the time of making the motion that it was proper at any day before the trial. The court asked if the case had not been ready for trial for about a year. Mr. Richardson replied that nearly a year ago the defense had demanded trial.

DEFENSE REFUSED CHALLENGE.

Mr. Richardson after a pause, continuing, said that Haywood had just drawn his attention to the fact that the defense had been parenthetically refused permission to file any pleading because of the appeal to the Supreme court of the United States pending.

The application for a bill of particulars recites the absence of the defendants from Idaho at the time the crime was committed and that the indictment contains no information that would show the overt acts by which

the State hopes to prove the guilt of the accused.

When counsel had finished reading the motion Judge Wood interrupted to say:

"You know, Mr. Richardson, that our state has no statute providing for a bill of particulars in such cases." "I know that such is the case," replied Mr. Richardson, "and I also know that the Supreme court of Idaho has had its attention directed to the subject but once. Such a motion however, as your honor well knows, always directs itself to the sound discretion of the court."

Mr. Richardson then drew attention to the absence of Haywood from the state at the time of the crime and argued that he was entitled to the information sought by the motion. He quoted and explained a number of authorities in support of his contention that under general rules of law the defendants are entitled to have particulars which indictments do not clearly set forth. The defendants being out of the state at the time of the crime, the prosecution must have evidence to connect them by conspiracy or otherwise with the actual killing. This evidence the defendants were entitled to have in order that they might prepare to meet it.

WHAT INDICTMENT SHOWED.

Mr. Richardson contended that the indictment only showed that Governor Steunenberg had been killed by a bomb, that Haywood was conspiring to have Steunenberg murdered and that Haywood was charged with being present and actually committing the crime, an assertion that everyone knew to be untrue. "Mr. Haywood," said the attorney, "knows all that he did at all times, but he does not know what witnesses may come here and testify. He is entitled to know the overt act charged against him. The indictment gave the prisoner absolutely no information as to the nature of the charge against him."

BORAH BEGINS SPEECH.

Senator Borah, who began at once for the State, said that the defense was not seeking a particularization of the indictment but possession of the evidence by which the State hoped to prove its case. He then explained that the charge that Haywood was at Caldwell when the murder was committed was necessary under the Idaho statutes. He drew attention to the fact that the indictment had previously been attacked in the usual method and said that it had been upheld. He said that there was no provision in the Idaho statutes for granting bills of particulars.

Senator Borah said that the indictment as to murder was surely specific enough to show the prisoner the exact nature of the charge. The demand for particulars as to the conspiracy was a demand for the evidence. Senator Borah concluded his argument opposing the motion shortly after 12 o'clock. He declared the defendants were asking for the evidence in the case and not for a specification of the charges as contemplated in criminal procedure. Senator Borah further said that neither the statutes

SANTEE FE TRAIN IS DERAILED

Engine and Three Cars Hurl'd Into Ditch—No Deaths Reported.

KANSAS CITY, May 6.—Santa Fe passenger train No. 1, which left Chicago at 10 o'clock last night for Kansas City, Mo., fifty-five miles east of Kansas City, was derailed at Norborne, Mo. The engine and three cars, including the dining car, were hurled into a ditch. Several persons are reported injured, but officials of the Santa Fe at Kansas City and at the general offices at Topeka assert that no one was killed. A relief train carrying physicians has started for the scene from here.

Ten persons were injured severely enough to need the services of a physician. Twelve others were bruised. Five of the seven cars left the track, the dining car and the sleeper alone remaining. The coach next to the engine was first to leave the rails. This pulled the others from the track and the second coach turned over. The car stove in the first coach set fire to the car and the two coaches burned.

of Idaho nor the decisions of the courts anywhere provided that the defendants in a case of this character were entitled to the details of the evidence against them.

Clarence Darrow followed Senator Borah with the closing argument in support of the motion.

DARROW ADDRESSES.

Clarence Darrow of the defense addressed the court. He said that about all there was to the provision was that if the court thought it was fair that it have the bill of particulars it could grant it. It was all within the discretion of the court and if the court declined the motion the Supreme court of the United States could not reverse its ruling. "The fact that there was no statute on the subject in Idaho did not affect the matter of the power of the court. It was purely a question of fairness and justice to the defendant."

"Mr. Borah says we do not want a better pleading but that we are after the evidence," said Mr. Darrow. "We are; why not? Why are we not entitled to know what evidence will show that we may prepare to meet it?"

CONCEALS CASE.

Mr. Darrow pointed out that there had been no disclosure of evidence at a primary hearing and that the State had carefully concealed its case. He said that the prosecutors were not trappers seeking victims; this was a civilized community and the prisoners were entitled to fair treatment. He declared that the Orchard confession should be placed before the counsel. He impassionately declared that it was unjust to bring these prisoners one thousand miles from home and not give them a fair chance to openly meet the case. The case of the State was a mystery that fairly handicapped the accused. He asked that the particulars be given and said the defendants were entitled to adjournment if necessary in order that their rights might be protected.

LOOK FOR DECISION.

BOISE, Idaho, May 6.—Both sides concluded their argument at 12:30 and Judge Wood announced an adjournment of court until 3 o'clock, when it is expected he will hand down his decision.

HEALTH BOARD TO SPREAD NET

Body Looks Forward to Lively Clean Up in Oakland.

As soon as the Federal authorities commence their campaign against what is said to be impure health foods, the health authorities of this city are to join in and prosecute dealers who sell the goods. Dr. A. R. Archibald, food inspector of the city, believes that it will be some time before any action is taken, but he thinks that when the campaign does commence there will be a lively clean up.

Dr. Archibald said of the general food conditions in this city, this morning: "The majority of the markets are in good condition and we have had but little trouble. Only a few arrests have been made in the past month and in each case heavy fines were imposed. "The milk being served in Oakland at the present time is much better than in other cities of its size. It is two-hundred per cent better than that being served in San Francisco at the present time. The dairymen are obeying orders and keeping their places in a sanitary condition and the percentages of cream and butter fat in the milk are excellent."

4000 SHRINERS GIVEN CITY'S KEY

Nobles Crowd the Streets of Los Angeles

LOS ANGELES, May 6.—Several suburban towns and cities are today sharing in the honor of entertaining the delegates to the Imperial Council of the Mystic Shriners, and early this morning the streets were crowded with members of the Imperial Council en route of departure. During last night the attendance was increased by several hundred arrivals, including the passengers of several eastern special trains and as early as 7 o'clock the music of bands attending the various reception committees awoke the visitors in their hotels.

The Imperial Potentate special, carrying Alvah P. Clayton, head of the order and many distinguished members of the council from the Middle West states, arrived shortly before daybreak. The party remained on board the train until 7 o'clock when a reception committee composed of nearly 200 Nobles arrived to greet them.

KEY GIVEN TO CITY.

The golden key of the city was presented to Potentate Clayton by Potentate Motley H. Flint of Al Malakiah Temple. Carriages and automobiles in waiting carried the visitors to their hotels for breakfast, and within an hour afterwards all the officers and members of the Imperial Council were on board a train, bound for Catalina Island, whither they will be conveyed by special steamer, and where they will spend the entire day, returning this evening.

Daybreak found half a dozen special trains from eastern cities in the railway depots and by 9 o'clock the registration bureau showed the arrival of over 4000 members of the order. The following were the delegations that arrived during the night:

Mecca Temple of New York, Ismailia Temple of Buffalo, Aladdin Temple of Columbus, Ohio; Moolah Temple of St. Louis, Ahmad Temple of Marquette, Mich.; Luxor Temple of St. John, N. B.; Tebala Temple of Rockford, Ill.; Syrian Temple of Cincinnati, Moila Temple of St. Joseph, Mo.

Those who remain at Redondo until evening will attend a brilliant ball at the Hotel Redondo, where the palm gardens by the ocean's edge will be illuminated with electric lights. The session of the Imperial Council will begin tomorrow morning after a parade of all the visiting patrols from the Imperial headquarters at the Hotel Alexandria to the Scottish Rites Cathedral, where the formal exercises will be held.

Cheapest accident insurance—Dr. Thomas' Electric Oil. Stops the pain and heals the wound. All druggists sell it.

Moslem Temple of Detroit; El Kahf of Cedar Rapids, Iowa; and Beoritis Temple of Lincoln, Neb.

SERVE SPANISH LUNCH.

Following the example of the Imperial Council's officers, nearly all the visiting Shriners this morning entered upon the round of excursions arranged for each day of the ensuing week. Citizens of Glendale and Redondo provided entertainment for hundreds of Nobles and their ladies, and outgoing cars this morning were crowded. At Glendale the visitors were met by carriages and automobiles and taken for a drive through the San Fernando Valley, after which a typical Spanish luncheon was served at Casa Verdugo. Hundreds more traveled to Redondo, on the Pacific ocean, where steamers were placed at the disposal of the Shriners, who made short voyages up and down the coast, and where a clam chowder luncheon, partaken of by thousands, was served throughout the middle of the day.

ALAMEDA REAL ESTATE.

BUY YOUR HOME IN OAKLAND

No City in the United States Has a Brighter Future

IMPROVED real estate is a positive INCOME producer when LOCATED convenient to TRANSPORTATION, while the VACANT lot is an outgo with nothing coming in.

BUY A HOME

I will BUY you a LOT, make you a LOAN and build you a HOUSE, \$2500 up near transportation; you can pay a small cash payment and small monthly payment thereafter. Select your location, thus increase your INCOME. Remember that every dollar you pay in buys that much EQUITY, instead of a scrap of paper known as the RENT RECEIPT. I have several 10, 20 and 40 acre POULTRY and TRUCK RANCHES that I will sell on the same TERMS, and will take a good VACANT lot in Oakland or adjacent thereto as a part payment.

WAREHOUSE

45,000 sq. ft., first floor, 500 ft. front on three streets and railroad shipping facilities; also street car service. 5 or 10 yr. lease.

INVESTMENTS

To those looking for INVESTMENT where the income will be not LESS than 6 per cent net, secured by mortgage, I can interest you.

FRENCH CABINET IS IN A FLIGHT

Trouble Has Been Gathering for Premier and His Cabinet During Easter.

PARIS, May 6.—Ugly clouds have gathered during the Easter holidays and when Parliament reassembles Tuesday Premier Clemenceau and his cabinet will have to face a multitude of interpellations. While the Conservative element have for months been alarmed by the government's new system of taxation, they have now become generally frightened to find a carnival of strikes, labor disputes and an anti-military propaganda being directly fostered by the general Federation of Labor, an organization comprising all the labor unions in France, which is openly preaching collectivism, expropriation and the attainment of ends by means of a general strike. Besides organizing the workmen, the federation has been instrumental in forming seventeen syndicates of state employees, including teachers. The result has been public and private demoralization threatening veritable anarchy, and a tremendous sentiment has flared up in support of the suppression of the federation.

Premier Clemenceau sympathizes with this demand but he has feared old Socialist leagues. As a natural consequence, his irresolution has disappointed friends and enemies alike. He squelched the May Day demonstration, but when it came to taking the federation by the throat he capitulated. At Saturday's cabinet meeting he submitted a bill dissolving the federation, but when M. Viviani, minister of labor, and M. Briand, minister of education, opened it, he agreed to hold it in abeyance for a first test of sentiment in the Chamber of Deputies. As a matter of fact, M. Viviani is believed to be secretly trying to unhorse his chief.

A. E. Crane, who is the main question is whether the more extreme Socialists or the Moderate Republicans will succeed in power.

The Echo de Paris considers that M. Clemenceau has practically abdicated in favor of M. Viviani, who is actually the hostage of the federation.

FRUIT CROP IS TOTAL LOSS

Alameda County Has Visitation of Shothole Fungus—Orchards Are Poisoned.

The cherry, apricot and apple crops of Alameda county have been destroyed by shothole fungus, a poison which falls on orchards during the winter season. Alameda county has heretofore been famous for its cherry crops, pre-eminently leading over parts of California in the particular respect. The big crops of cherries that have been harvested in the past can no longer be boasted of. A. E. Crane, who is an orchard owner of San Leandro, states that there will be no crop this year, as there are so many parasites in the trees that the fruit is ruined. The heavy downpour of rain this year has ruined every crop in the state.

"There is no crop in Los Gatos, or any other part of California," said Mr. Crane. The price per pound this year will be exorbitant, and the farmers will have to come down with their prices. It will cost five cents per pound to pick our cherries this year. The heavy downpour of rain this year has ruined every crop in the state.

"I defy anyone to show me where the crops in Alameda county are not a total loss. If the present condition of things continues four more years, it will be up to their orchards and convert them into vegetable gardens. It will be more profitable to supply the market with fruits and vegetables than support the carriers."

DOG'S VICTIM WILL RECOVER

Physician Says Little Augusta Voigt Is Now Out of Danger.

BERKELEY, May 6.—Little Augusta Voigt, who was so badly bitten Saturday by a vicious bulldog, is on the road to recovery.

Dr. J. T. Farrar, who is attending the little one, reports the crisis has passed and the swelling around the wound is reduced. He says there is no longer danger of blood poisoning.

WILL SEND WIFE SLAYER TO ASSYLUM

KANSAS CITY, May 6.—Governor Folk stated today that he would issue an order suspending the sentence of death in the case of Joseph M. Crane, who was to have been hanged May 11, for the murder of his wife. This order is on the ground of his insanity.

Physicians who examined Crane Saturday found that he was insane. Crane is a well known Johnnie wine operator.

LINEMEN FAIL TO JOIN GIRLS

Hold Sunday Meeting, but Hesitate

No headway was made yesterday towards a settlement of the difficulties of the telephone girls and linemen with their employers. An exciting meeting that lasted three hours was held by the Electrical Workers and Linemen's Union, at which a proposal to strike in sympathy with the girls was debated. No agreement was reached, and action was postponed until after the executive committee should have conferred with the telephone company. The company will be told that the linemen and electricians will strike unless the girls' union is recognized.

SOME FAVORED STRIKE.

Many of the men were in favor of striking at once and impassioned speeches were made, but more conservative members prevailed upon the meeting to wait until after a conference with the company.

The meeting was attended by a committee of the telephone girls. A statement was adopted as follows: "The telephone company will be advised that unless the union of the girls is recognized the linemen and electricians of all classes will walk out in sympathy. The settlement of the men is for a strike of all those allied with this organization, in so far as their work relates to the operation of telephones and street cars. Perhaps the generosity of this plan has much to do with the failure to declare a strike at today's meeting. There is opposition from the national officers for the present because the situation would become so complicated that the entire strength of organized labor would be necessary at once.

NEARLY SEVEN HUNDRED MEN.

There are 250 linemen, 350 switchboard men, 160 trouble hunters and about 30 testers in the employ of the telephone company. Should they go out it would be almost impossible to use a telephone in San Francisco.

IN SAN FRANCISCO

BRIEF SUMMARY OF NEWS ACROSS THE BAY

DEDICATING ST. DOMINIC'S.

The new St. Dominic's church, erected as a substitute for the one destroyed by the earthquake of April 18, 1906, was dedicated yesterday morning with the impressive ceremonies of the Roman Catholic church. The Rev. Archbishop Riordan, assisted by a large number of the clergy.

FATAL FALL.

David Saxton, a veteran of the Civil War, died at the Central Emergency Hospital last night, the result of a fractured skull received by falling from a street car on Saturday night.

STRIKE CAUSES DEATH.

Stricken with apoplexy last night and unable to obtain medical attendance at the Emergency Hospital for two and one-half hours, after the cause was brought in when it was too late, owing to the non-operation of the telephone service, resulted in the death of Silas Croner, a painter whose residence was at 2322 Bush street.

BY THE GAS ROUTE.

Chris Christensen, aged 22, was found Saturday morning in his room at 2355 Bryant street dying from gas asphyxiation. He lingered, however, at the City and County Hospital until yesterday morning, when he expired. Despondency due to ill health was the cause of the suicide.

PREIGHT TRAFFIC REFORMS.

Guilavre Breuner, Andrew Corrigan, Eugene Jacobson, and J. P. Scott have been appointed by the Merchants' Association to plan a system of reform in the handling and transportation of freight.

AN UNUSUAL SCENE.

An extraordinary scene was witnessed yesterday afternoon in the interior of the Episcopal church, corner of Stockton and California streets, when Barbara Elizabeth Holt, a little child, 10 months old, daughter of Cyril E. Holt, the first co-bearer of the church, was baptized by Rev. David Evans, the rector, at the house of the rectory, 1215 Broadway. Edward G. Lister stood as godfather.

MAJOR OF OCEAN VIEW DEAD.

SAYS PRESIDENT IS TALKING FOR TAFT

Ohioan Interviews Roosevelt and Claims That He Favors Secretary's Nomination.

CLEVELAND, O., May 6.—Jay Miller of Bellefontaine, Republican congressional candidate in the Fourth district, said last night that President Roosevelt told him at the White House last Monday that Secretary of War Taft should be nominated for president.

"I assured the President," said Miller, "that Taft's strength in Ohio was growing, and explained to him that the primary bill would soon become law, thus enabling the proposed test of strength between the Taft and Foraker forces. To all of this the President most pleasantly replied that Secretary Taft should be nominated, and added that he was the best equipped man for the office. The President said this was a fact because of Taft's knowledge of the present conditions of national affairs. He said further that the Secretary was the man to whom had been entrusted some of the most delicate affairs of the present administration.

"While at the Jamestown Exposition I was much impressed by interviews I had with many of the most prominent politicians of the southern states. With one accord they said that President Roosevelt is a democratic Republican, and good enough for them, but if he cannot be nominated they would like to see 'Big Bill' Taft chosen."

FRANCO-JAPANESE COMPACT.

PALIS, May 6.—A Franco-Japanese convention for the preservation of the status quo in the Far East is believed in several quarters to be under negotiation and will shortly be completed.

There is no one article in the line of medicines that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Snake Balm and Belladonna Dechache Plasters.

HOSE SUBDUES AN INSANE JAPANESE

Oriental Fights Off Police With Bricks but Water Conquers Him.

SEATTLE, Wash., May 6.—Alba Koto, a young Japanese laborer, went suddenly insane yesterday morning, and, stationing himself on the roof of his boarding-house on Dearborn street, he tore down two chimneys and pelted everybody who came within range of his throwing. Policemen were powerless, being repeatedly repulsed with a shower of bricks, to effect his capture, and everybody got out of the way.

Refusing to hurt any more of the missiles until he had something to throw at the policemen, a man in a uniform and a thought of the Fire Department and a hose wagon was called. A stream of water was turned on the Jap and while he fought it and the men who operated it with his bricks, two policemen approached from the rear by means of a ladder reaching to the third story and grabbed him unawares. He had to be placed in a strait-jacket, before they could remove him from the roof.

THE REASON WHY

We So Strongly Endorse and Recommend Vinol to the People of Oakland.

Mr. A. B. Specht of The Owl Drug Co. says: "We do not believe there is a man, woman or child in Oakland who does not need Vinol. It is the most famous cod liver preparation. Vinol will not benefit at this season of the year.

"We believe there is no need for so many people to drag around run-down, tired and debilitated, or for old people to remain weak and infirm when we guarantee Vinol will restore health and strength."

Continued Mr. Specht: "For centuries cod liver oil has been recognized as the grandest of all body-building agents for wasted human strength and vitality, but on account of the nauseating and system-clogging oil which enveloped its curative properties few could take it with benefit.

"In Vinol you get in a concentrated form every one of the curative and strength-creating elements of cod liver oil, and you get it from fresh cods' livers, the useless system-clogging oil eliminated, and tonic iron added.

"Vinol is guaranteed by over five thousand of the leading druggists of the United States to create strength for old people, for the run-down, tired and debilitated, weak, sickly women and children, and after a severe sickness."

"We ask every such person in Oakland to try Vinol. It costs nothing if it fails."—The Owl Drug Co.

Note.—While we are sole agents for Vinol in Oakland, it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Vinol agency in your town.

FASTIDIOUS WOMEN

consider Paxtine Toilet Antiseptic a necessity in the hygienic care of the person and for local treatment of feminine ills. As a wash its cleansing, germicidal, deodorizing and healing qualities are extraordinary. For sale at Druggists. Sample free. Address: The R. Paxton Co., Boston, Mass.

THE FARMER'S WIFE

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood.

Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from purifying, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, sores or ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock, mail 30 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils, carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scrofulous flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, purges out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

S.S.S. RIDES THE SYSTEM OF MALARIA

Malaria is an atmospheric poison which we unconsciously breathe into our system. The blood in its constant passage through the lungs absorbs the germs, and they destroy the rich, red corpuscles of this vital fluid and reduce it to such a weak, watery condition that it is unable to properly nourish the system, and disease gets a foothold. Then the symptoms of Malaria, such as pale, sallow complexions, weak vitality, poor appetite, deranged digestion, and perhaps chills and fever show that the trouble is affecting every part of the body. Malaria also affects the liver, producing a chronic state of biliousness, and often a long spell of fever follows when the blood becomes fully contaminated with the poison. Chronic Sores and Ulcers, boils, aches and pains, and skin affections of various kinds often result from this insidious disease if the poison is allowed to accumulate in the blood in sufficient quantities. Malaria must be removed from the system through the circulation, and for this purpose nothing equals S. S. S. This great remedy goes down into the blood and drives out all germs, microbes and poisons, and permanently cures Malaria. S. S. S. not only cleanses the blood of the cause, but furnishes it with the healthful properties that it needs, so that instead of a weak, germ-infected stream, spreading disease throughout the system, it becomes a rich, red fluid, nourishing the body and builds up and invigorates the entire system while ridding the blood of the germs of Malaria. Persons who are suffering from Malaria will be pleased with the prompt and pleasant results produced by the use of S. S. S., and can take it with confidence because it is an absolutely safe medicine, being free from harmful minerals of any kind. Book on the blood and any medical advice desired sent free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

sible danger that had so pained and grieved her. Surely it could not be.

MAGIC JADE BOWL.

The figure rose, while he still watched it, put back the pretty hair from the tear-stained face, and then he saw more clearly the traces that poignant anguish had left on the girl's features. She rose, and he saw that her hands held a packet of letters—his letters—he recognized his own vigorous handwriting; she kissed them once, twice with a fervor of passion and regret, then she dropped them into a box that stood open on a table.

Next she looked at her finger on which was a ring he had given her. She looked at it long and strangely, he could almost see the sob that arose in her throat, but was choked down, as she drew this off and dropped it also into a box. Then she took down from its place on the wall a little drawing that the regimental surgeon, who had a pretty turn at portraiture, had made of Leslie Brandon, and that Gladys Wingate had begged of him just after their engagement. That

that he had seen—there, on that lonely hillside—what was happening in Bombay? There was no explanation possible, but there was the fact.

The rustle of a silken skirt aroused him. Gladys stood before him, her face a little thinner than when he had seen it last, but radiant now with love and happiness.

There was no need for explanation, for questioning, for doubt. They saw into each other's souls and were satisfied, but as Leslie clasped her closely to him and pressed a kiss upon her trembling lips, he shuddered to think how nearly he had lost her through the fatal instrumentality of that sandalwood box.
